

# Regional Training

Whether you're new or have been working in this area for years, you can review the planning process and initiatives to enhance regional partnerships in preparedness for emergency response and recovery.

## I. Introduction

This 1-hour webinar provides an overview of regional plans, initiatives, and planning strategies for the Houston-Galveston Area Council (H-GAC) 13-County region.

## II. Audience

Training is intended for planners, responders, and anyone working with emergency management, including governmental, non-governmental, public and private sector stakeholders in the H-GAC region. Public health plans also include Jefferson, Orange, & Hardin counties. Medical plans with the SouthEast Texas Regional Advisory Council (SETRAC) include 25 counties in SouthEast Texas.

## III. Training Content

This module includes historical program efforts for the region and funding sources used to sustain them alongside the current regional plan purpose, activation triggers, and plan owner contact information with maps for geographical reference within the region.

## IV. Learning Outcome

By the end of training, participants will be able to identify regional plan scope while obtaining a basic understanding of regional entities, planning strategies, and plan activation triggers.

## V. Quarterly Training Dates

The webinar is offered quarterly, please register via the link below to select your time and date: <https://houstonuasi.com/regional-training-registration-2019-2020/>
