NOTE: Due to Chinese New Year the shipping time for this product is longer than usual

With the STEM drone bundle you get everything you need for scripting and learning how to operate a robot in 3 dimensions. We supply an easy to use Python API where you can use commands like "move forward 1 meter" or to program paths the Crazyflie will follow. You will also get access to the full logging framework where you easily can read telemetry data.

**Bundle contents:**

- 1x Flow deck
- 1x Crazyflie 2.0
- 1x Crazyradio PA
- 1x micro USB cable
