RE: Updated Letter of Commitment to the UN Global Compact

Dear Mr. Secretary- General,

Having first become a signatory to the United Nations Global Compact in 2008, I am pleased to confirm that RA International continues to support the Ten Principles in respect to Human Rights, Labour Rights, the Environment and Anti-Corruption. With this communication, we express our continued intent to support and advance those principles within our sphere of influence. We continue to be committed to making the Ten Principles part of the strategy, culture and day-to-day operations of our company and undertake to make a clear statement of this commitment to all our stakeholders, including our employees, suppliers and clients.

We recognize that a key requirement for participation in the UN Global Compact is the annual submission of a Communication on Progress (COP) that describes our company’s efforts to implement the Ten Principles. We support public accountability and transparency, and therefore commit to report on progress annually, as we have since first joining in 2008.

Sincerely yours,
