Dear Mr. Secretary-General,

I am pleased to confirm that Project Gaia, Inc., a global initiative to promote access to clean liquid fuels and modern cooking technologies, supports the ten principles of the UN Global Compact with respect to human rights, labor, environment, and anti-corruption. With this commitment, we express our intent to advance these principles within our sphere of influence, and will make a clear statement of this commitment to our stakeholders and the general public.

We also pledge to take part in the activities of the UN Global Compact where appropriate and feasible – through, for instance, exploring participation in local networks; joining and/or proposing partnership projects; engaging companies in projects; joining and/or supporting special initiatives and workstreams; providing commentary to companies on communications on progress; and participating in global, regional, and local events.

Sincerely Yours,

Harry Stokes  
Executive Director, Project Gaia, Inc.
