

UNICITY GREEN TEA BAR SOAP

Pamper and protect your skin with the essence of green tea and fight visible signs of ageing, from head to toe.

Created with green tea, well-known for its antioxidant properties from catechins, Unicity Green Tea Bar Soap also contains vitamins such as Vitamin E and C to help soothe and protect the skin against damage from free radicals and fight signs of visible ageing.

The formula also contains propolis, aloe and hyaluronic acid which help heal, protect, and moisturise, leaving skin feeling smooth and hydrated.

Made with extracts and ingredients from botanical sources, Green Tea Bar Soap is hypoallergenic and suitable for all skin types.

BENEFITS

High in antioxidants from Vitamin E, Vitamin C, and catechins from green tea, which helps reduce signs of skin ageing and oxidative damage.

Hyaluronic acid helps moisturise for radiant, supple skin.

Vitamin C helps stimulate collagen and elastin production, reducing wrinkles and fine lines for youthful looking skin.

Gently cleanses and suitable for use on both face and body.

SUGGESTED USE

Wet soap bar with lukewarm water and work into a lather.

Apply lather to face or body. For enhanced effect, leave lather on for 3 to 4 minutes.

Gently rinse and let dry.
