

## Android Devices

Friends and family may use Blue Jeans, a free app available in the Play Store, on an Android device to video chat with a patient in William P. Clements Jr. University Hospital.

Open the Play Store on your Android device and search for Blue Jeans. Select Blue Jeans for Android, click INSTALL and then ACCEPT.

You will need a device that runs Android 4.4 or above. Video chat will work on cellular networks, but for best performance and to avoid data charges, please use WI-FI connections.

After the patient has included you in his or her contact list, an email with a link will be sent to you. You may join a video chat with the patient after clicking the link.
