

UW Youth Programs Forum

November 9th, 2018 – HUB Room 250 – 9:00 a.m.–3:00 p.m.

AGENDA

8:30 – 9:00

Sign in

9:00 – 9:30

Welcome

Dr. Denzil J. Suite, Vice President for Student Life, Safety of Minors Committee
Caroline Shelton, Director, Office for Youth Programs Development and Support
We will kick off the day by getting to know who is in the room with an interactive introduction of audience members.

9:30 – 10:30

Lessons Learned on University Youth Protection

Sandra Weaver, Youth Programs Compliance Specialist at Penn State University
David Chupak, Youth Programs Director at Michigan State University
Sandy and David will share their perspectives on influencing University culture and increasing the safety of minors, as their university communities heal from tragic occurrences of child sexual abuse that serve as a cautionary tale for University campuses across the country.

10:30- 11:00

New Resource: STEM Safety Guidelines

Katia Harb, Interim Senior Director of Environmental Health and Safety
There are federal and state laws and regulations that guide safe practices in STEM environments. We will introduce a new set of guidelines that outlines safe practices when working with youth in a STEM activity.

11:00 – 11:30

Youth Program Privacy Initiative: New Best Practices

Ann Nagel and Nada Bseikri, UW Privacy Office
The Privacy Office and Office for Youth Programs Development and Support have collaborated to develop privacy considerations for the collection and use of data specific to minors. We will introduce these soon to be released new best practice standards.

11:30 – 12:00

Updates on UW Youth Program Policies

Caroline Shelton, UW Office for Youth Programs Development and Support
Caroline will provide an update on key policy discussions and a new centralized youth program registration system that will be launched in 2019.

12:00-12:15

Youth@UW NEW resources

Caroline Shelton, UW Office for Youth Programs Development and Support
Caroline will share youth program educational resources that were created over the past year. What additional educational resources are needed?

12:15-12:30

Participant Q&A and feedback

12:30-1:30

Lunch, transition to afternoon Education Sessions

Afternoon Concurrent Education Sessions

Session 1

1:30-3:00
Hub RM 334

Fundraising Strategies for Youth Programs

In this session participants will explore a tailored approach to fundraising. We will discuss the funding landscape to support the field of youth development, consider key strategies for finding and securing new funding and learn how to create a compelling case and develop key messages to promote youth programs.

Facilitated by Danielle Baer, School's Out Washington

Session 2

1:30-3:00
Hub RM 238

Mentoring the next generation of college students

Does your minors program include a mentoring component? Chances are your program also includes youth who would be the first in their family to attend college. This session will address best practices in mentoring youth and working with first-gen youth to have an opportunity to attend college. We will focus on the particular needs of youth of color and first generation college prospects.

Facilitated by Pamila Gant, Mentor Washington

Session 3

1:30-3:00
Hub RM 307

Engaging youth in STEM: Strategies and Resources

This session will discuss ways to nurture interest in STEM in all students and help remove barriers that might stand in their way. Participants will have an opportunity to share best practices and resources that support programming and provide authentic STEM opportunities for their students.

Facilitated by Krista Galloway, AYD Geek and David Wolczyk, UW Math Science Upward Bound
