

Exports Within Seattle: Department of Comparative Medicine (DCM) Vehicle

- When the export has been approved, please submit a [DCM Vehicle Transportation Service Form](#) to cruisin@uw.edu. *Please submit at least 24 hours in advance*
- The Driver will send an email out to the contacts from the sending facility/group and the receiving facility/group with the date and time that the transfer has been scheduled.
- Package the animals according to SPF procedures
- Individuals from both the sending and the receiving groups need to be on their loading docks at the designated time set by the driver. Failure to do so may result in a cancellation of the transport and a charge.

All University of Washington Animals Must Be Transported in IACUC Approved Motorized Vehicles
