- The UW Libraries system is one of the largest research libraries in North America with collections exceeding 7.7 million books and journals and more than 120,000 currently received journals and serial titles.

UW IMPACTS ON THE STATE AND BEYOND

*proud to contribute to the vitality of our state**

For fiscal year 2008-09

- The UW's overall economic impact on the state of Washington was more than \$9 billion.
- For every \$1.00 the state of Washington invests in the UW, the UW returns more than \$1.48 back to the state in tax revenue and \$22.56 back into the state's economy.
- The UW is the third-largest employer in Washington state, following Boeing and Microsoft, driving nearly 70,000 jobs in our state—28,000 at the UW and 42,000 more throughout the state's economy.
- The UW has been the top public university in federal research funding every year since 1974 and among the top five universities, public and private, in federal funding since 1969.
- The UW receives more federal research dollars than any other public university in the nation. In 2011, this amounted to more than \$1.5 billion (5,419 grants), which supports almost 7,600 direct jobs in the local economy. 73 % of these funds are from federal sources.
- Nearly 75% of UW graduates remain in Washington after graduation, providing the state with a well-educated workforce and positively contributing to the state's economy.
