## Faculty Senate Chair's Remarks

George Sandison, Professor, School of Medicine

I am honored to serve our faculty senate body as chair and confident we will have a successful and productive year of shared governance due to the strong support of vice-chair Joseph Janes of the Information School, past-chair Thaisa Way of the College of Built Environments, secretary of the faculty Mike Townsend of the law School, faculty senate legislative representative Joann Taricani of the College of Arts and Sciences, and deputy faculty legislative representative Chris Laws of the College of Arts and Sciences. In practice shared governance involves the participation of all voting faculty at some level but the level is increased for those participating in faculty leadership roles on all three campuses. Shared governance also requires mutual deliberation and support between faculty leadership, President, Ana Mari Cauce, and Provost, Mark Richards. All need to work together in harmony to make the greatest progress on university-wide issues of concern. It is never too late to become involved in faculty leadership but I strongly encourage you to start your involvement early. Please incorporate faculty governance as part of your service contributions and grow that component of your service portfolio with time. We need your contribution to continually improve our university and the general welfare of all faculty, students and staff.

Our Faculty Senate will undoubtedly deal with many legislative issues and faculty concerns over the course of the year. However there are six identified priorities to make substantial progress on. In no particular order, they are;

- 1. Development of an improved system governing faculty dispute resolution**
- 2. Improved working conditions for lecturing faculty**
- 3. Affordable housing for new faculty**
- 4. Further clarifying and strengthening the role of Elected Faculty Councils (EFCs)**
- 5. Improvement of UW faculty diversity profile**
- 6. Faculty input and monitoring of the new financial software design and implementation**

Please contact me or any of your faculty senate leaders by email if you would like to become involved in faculty leadership or wish to provide input on faculty concerns having university-level impact. Thank you for allowing me to serve you in the senate chair role. I thank you for the important service you provide to our university.
