TWIN CITIES, MN

DEAR UW ALUMNI AND FRIENDS,

Explore the far reaches of the earth aboard Albatros Expeditions' newly renovated *Ocean Atlantic*. First reached just over one hundred years ago and preserved by the Antarctic Treaty, the seventh continent still embodies a spirit of thrilling discovery—from the abundant and extraordinary wildlife to the craggy glaciers jutting from pristine Antarctic waters.

Spend two days immersed in Argentinian culture with an included two-night Pre-Cruise Program. Travel to Buenos Aires, known for its thriving arts culture, world-class eateries, and nearly 300 theaters. Tour the elegant turn-of-the century districts that earned this city the nickname “the Paris of South America.” Next, fly to Ushuaia, the city at the end of the world; tour Tierra del Fuego National Park and experience stunning views of snow-capped mountains on the far reaches of the Beagle Channel, your gateway to Antarctica. The next day, begin your journey south through the channel. Spend two days at sea aboard the *Ocean Atlantic*; cross the famed Drake Passage, where humpback whales, petrels, and albatross are commonly seen. Over the next two days, discover the wildlife of the South Shetland Islands, a place known for its chinstrap and gentoo penguins, seals, and unspoiled mountainous landscape. Then, explore as far south as possible on the Antarctic Peninsula where lively penguins, inquisitive seals, and marine mammals flock around you. Before heading back to Ushuaia, pass back through the Drake Passage to cruise past Cape Horn, a legendary maritime landmark at the southern tip of South America.

Enjoy all these adventures and more as we travel on one of the strongest ships operating in Antarctica with an expert team of expedition leaders, unforgettable shore landings, and all onboard dining included. There is no better way to explore the last frontier than aboard Albatros Expeditions' *Ocean Atlantic*.

Sincerely,

Pauline Ranieri

Participants requiring special assistance must be accompanied by someone who agrees to provide the required assistance. GN reserves the right to terminate the participation of any participant whose conduct or condition materially inconveniences other participants.

PHYSICAL DISABILITY/WHEELCHAIRS: Mandated safety requirements in the construction and operation of the vessel inherently restrict maneuverability in many areas. Consequently, the vessel is not suitable for persons with disabilities that require use of a wheelchair or motorized scooter. In that respect, the anticipated natural movement of a vessel at sea should be considered. If any doubt exists about the ability of a passenger to accept such conditions, they are advised not to travel on the vessel. AE reserves the right to refuse or revoke passage to anyone who, in its sole judgement, is unfit to travel on the vessel or who may require attention beyond that which the vessel can provide. Passengers may also be required to sign a statement releasing AE from all responsibility relative to the use of shipboard facilities in the event of an emergency.

GENERAL MOBILITY: Travel in the polar region requires ability to climb stairways, and embark and disembark from a Zodiac under both wet and dry conditions. Transportation via a Zodiac can result in ocean water coming in contact with clothing and other objects held by the passenger.

THERE ARE NO EXCEPTIONS OF ANY KIND (INCLUDING MEDICAL EXCEPTIONS) TO THESE POLICIES. No refunds will be made for any portion of the arrangements we have made for you that are not actually utilized by you. There is no variance from these policies in the services we arrange as described in this brochure.
