

After completing this tutorial you will learn how to import videos using Vidalyze.

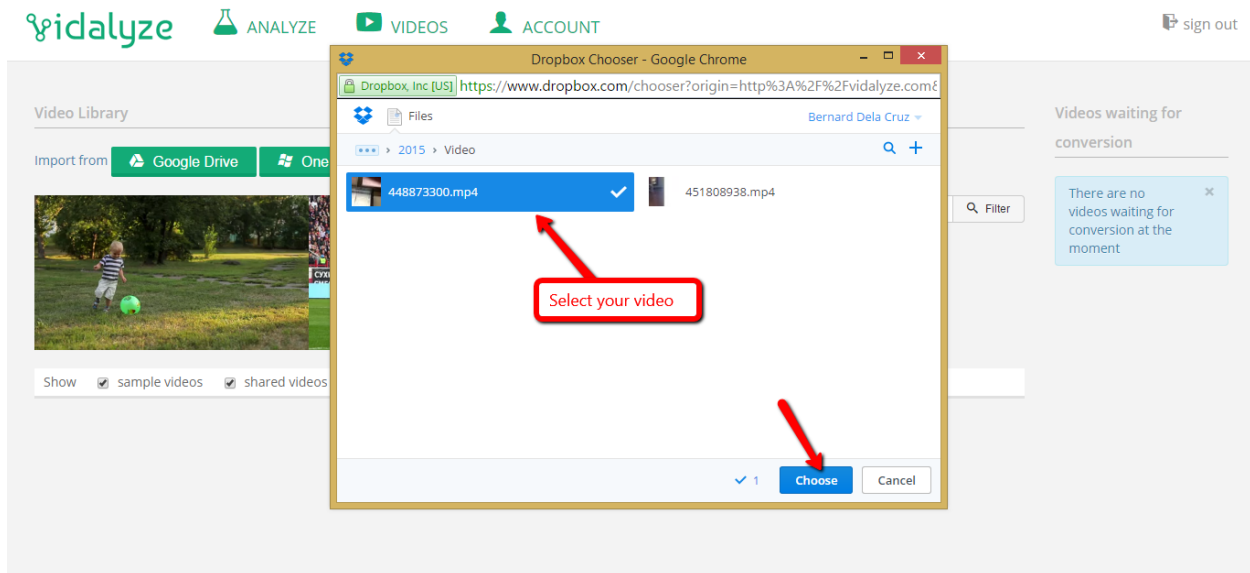

Step 1: Log in to your account and click the **Videos** tab.

Step 2: Choose from the options where your video source is and click on it.

Step 3: Select the video you want to import and click **Choose**.

Step 4: A confirmation message will appear after your video has been successfully imported. You are now ready to analyze the newly imported video.
