## VPai Home Smart Security Panoramic IP Camera

Unleash the massive potential of 360-degree video monitoring for the home security market with the VPai Home Smart Security Panoramic IP Camera turnkey solution. With its dual 210° fisheye lenses and suite of user-friendly Apple® iPhone® and Android smartphone apps, this production-ready camera provides the ultimate home monitoring system. Its cutting-edge 360-degree video technology captures and renders panoramic scenes of any home environment in stunning 2K resolutions. Support for night vision, motion-activated video alerts to further boosts security and peace of mind for the homeowner.

Available in a variety of colors and language versions, the VPai Home Smart Security Panoramic IP Camera can be easily customized to meet the particular requirements of the target market. To facilitate the sourcing, manufacturing, QC, QA, and logistics processes and accelerate time to market, a complete range of rapid productization services is also provided.

### Simple Setup & Operation

With its user-friendly Apple iPhone and Android smartphone apps, the camera only needs to be connected to a home Wi-Fi network for a fast and easy setup. Operation is a breeze thanks to the app's clean interface that enables instant access to the camera's live video feed.

### Vibrant 2K Video Quality

The camera captures full 360° videos and images in vibrant 2K resolutions of up to 2048x1024 – providing a full and detailed view of everything that is happening in the area that it's monitoring.

### 24/7 Monitoring

The camera monitors the home environment round-the-clock through the smartphone app. It can be configured to record continuously or to wake up whenever it is activated by a smartphone or alarm.

## Motion-Activated FHD Video Alerts

The camera sends an FHD video alert when a motion is detected directly to your smartphone through the VPai Home app.

## Superior Night Vision

The camera delivers 24-hour protection with infrared night vision that ensures clear videos when darkness falls.

## Local and Cloud Storage Options

Recorded footage can be stored locally on a Micro SD Card (not included) or on the optional VPai Home cloud service.

## Hardware Features

- Dual 210° fisheye lenses with transverse 360° and longitudinal 360° capture
- 2048×1024 (2K) video and image resolution
- 2 x 3.04mm@210° F2.0 EFL
- Auto night vision mode
- H.264 video compression engine
- Micro SD slot supporting cards up to 128GB
- 802.11b/g/n Wi-Fi
- DC 5V Micro-USB power connector
- Operating temperature range of -10°C ~ 50°C
- Humidity <95% (non-condensing)
- 40mm x 37mm x 88.3mm (W x D x H)
- Weight: 88g

## App Features

- Facebook / WeChat / Line log-in
- Live preview and record
- Instant video alerts
- Remote video playback
- Cloud storage
- Bi-directional voice communication
- Multiple languages
- Automatic OTA updates

## Accessories

- USB cable
- User manual
