The performance data shown represents past performance and is not a guarantee of future performance. Current performance may be lower or higher than the performance presented here. A plan portfolio's investment return and principal value will fluctuate so that an investor's shares or units, when redeemed, may be worth more or less than their original cost. Investors should carefully consider plan investment goals, risks, charges and expenses, by obtaining and reading the plan's official program description, before investing. Investors should also consider whether their or their beneficiary's home state offers any tax or other benefits that are available for investments only in such state's 529 plan.

The investment performance data shown here is compiled from sources believed to be accurate. However, this should not be construed as official data and you are strongly advised to rely on official performance data available directly from the 529 programs.

Brokers please note: For internal use only and not for use with or to be shown to the investing public.

Disclaimer: Savingforcollege.com shall not be liable for any errors or omissions in this report. Users should rely on official program disclosures.

NA = Not Applicable = Portfolio does not have sufficient history

The performance data shown represents past performance and is not a guarantee of future performance. Current performance may be lower or higher than the performance presented here. A plan portfolio's investment return and principal value will fluctuate so that an investor's shares or units, when redeemed, may be worth more or less than their original cost. Investors should carefully consider plan investment goals, risks, charges and expenses, by obtaining and reading the plan's official program description, before investing. Investors should also consider whether their or their beneficiary's home state offers any tax or other benefits that are available for investments only in such state's 529 plan.

The investment performance data shown here is compiled from sources believed to be accurate. However, this should not be construed as official data and you are strongly advised to rely on official performance data available directly from the 529 programs.  
Brokers please note: For internal use only and not for use with or to be shown to the investing public.

NA = Not Applicable = Portfolio does not have sufficient history

The performance data shown represents past performance and is not a guarantee of future performance. Current performance may be lower or higher than the performance presented here. A plan portfolio's investment return and principal value will fluctuate so that an investor's shares or units, when redeemed, may be worth more or less than their original cost. Investors should carefully consider plan investment goals, risks, charges and expenses, by obtaining and reading the plan's official program description, before investing. Investors should also consider whether their or their beneficiary's home state offers any tax or other benefits that are available for investments only in such state's 529 plan.

The investment performance data shown here is compiled from sources believed to be accurate. However, this should not be construed as official data and you are strongly advised to rely on official performance data available directly from the 529 programs.  
Brokers please note: For internal use only and not for use with or to be shown to the investing public.

Disclaimer: Savingforcollege.com shall not be liable for any errors or omissions in this report. Users should rely on official program disclosures.
