COVID-19 Daily Confirmed Cases with 7-Day Moving Average, Whatcom County

CASES, HOSPITALIZATIONS & DEATHS

Data as of June 16, 2020 11:59PM

COVID-19 in Whatcom County

Cumulative Cases, Hospitalizations and Deaths

This chart shows the cumulative cases or the total number of people who have tested positive for COVID-19 since January 21, 2020. The chart begins on February 28, which is when community transmission was first reported in Washington State.

Cumulative Case Counts

Confirmed Cases of COVID-19 in Whatcom County, by School District

Last updated: 6/15/20

Rate: Confirmed cases of COVID-19 per 100,000 residents

Count: Cumulative cases of COVID-19

- Limited testing may cause mapping to misrepresent the geographic impact of COVID-19 illness in Whatcom County.
- When analyzing data geographically, school districts are used as community boundaries because people often identify their community in connection to schools and school districts.

COVID-19 in Whatcom County

Confirmed Cases and Deaths by Illness Onset Date, and Hospitalizations by Admission Date

This chart shows the progression of the COVID-19 outbreak in Whatcom County by cases, hospitalizations and deaths over time and is known as an epidemiologic curve. The epidemiologic curve is the curve referred to in the phrase, 'flatten the curve'.

[Learn More](#)

The table includes cases, hospitalizations and deaths by County and Age Group. Given the sensitivity of the data, counties with 5 or fewer cases have been removed.

County	Cases	Hospitalizations	Deaths
<input type="checkbox"/> Whatcom County			
Age 20-39	147	6	0
Age 40-59	104	13	0
Age 80+	75	15	31
Age 60-79	74	17	7
Age 0-19	48	2	0
Unknown Age	0	0	0

COMMUNICATIONS

Incident Objective 6: Keep the public, stakeholders, and the media informed of response activities

The Whatcom Unified Command **Joint Information Center (JIC)** updates and maintains the Whatcom COVID-19 website as the central repository for the most up to date information regarding COVID-19 for Whatcom County residents. Updates are continually made to report on current health data, government recommendations and orders, and media coverage. All information has been verified to come from reputable sources. The JIC coordinates with partner agencies throughout the State to maintain consistency when reporting information.

Local Information (Coordinated through the JIC):

- WUC Whatcom COVID-19 website: <https://whatcomcovid.com/>
- Whatcom County Health Department website: <https://www.whatcomcounty.us/covid>
- Whatcom County News Flash: www.co.whatcom.wa.us

Upcoming and Continuing JIC Priorities

- Schools reopening plan messaging.
- Super spreader event messaging.
- 4th of July messaging.
- Communication about Phase 2.
- Continue to prioritize messaging based on current Incident Objectives.
- Continue to work with Liaison to determine local COVID-19 call center needs and the best tool to address local phone inquiries.
- Work with Liaison to develop a plan for distribution of communication materials for community groups.
- Working on a robust, strategic communications plan incorporating an equity focus throughout our messaging.
- Working on increasing messaging for speakers of other languages, including Spanish.

- Collect, summarize, and publish information about PPE distributed by WUC.
- Develop materials to explain planning process and communicate context of preparations.
- Greater outreach to farming communities.
- Help set expectations for progression of phased reopening.
- Keep public updated on Public Health Advisory Board's Reopening Task Force.
- Provided further encouragement and direction on mask use and information about masks.

WHATCOM UNIFIED COMMAND INFORMATION

INCIDENT OBJECTIVES: Operational Period 14

1. Anticipate and develop plans to address additional waves of COVID-19 infections.
2. Prevent and mitigate the spread of COVID-19.
3. Provide for the most vulnerable members of the community.
4. Ensure adequacy of First Responder/Healthcare personnel and equipment/supplies.
5. Support maintenance of Phase 2 status for Whatcom County.
6. Keep the public, stakeholders, and the media informed of response activities.
7. Manage a coordinated interagency response effort that reflects the makeup of Unified Command.

SECTION UPDATES

LOGISTICS

1. Continuing to provide support and supplies to Byron Avenue I/Q Facility.
2. Continuing to investigate, research, and identify additional I/Q facilities.
3. Continuing to research and compile sourcing options for PPE and connecting customers directly to distributors where feasible.
4. Continue to interact with the state for meeting PPE requirements.
5. Purchasing and sourcing requirements for supplies for additional rooms at Byron Ave.
6. Continue to work on acquiring staffing for Friday's food delivery efforts.
7. Developing site selection matrix for medical surge unit.
8. Received cloth face masks and developing distribution plan for delivery to qualifying individuals.
9. Identifying agency locations for distributing face masks by next Monday.

OPERATIONS

1. Supporting Thursday's scheduled food distribution efforts.
2. Continuing operations of the Byron Avenue I/Q Facility with the admittance of community members needing isolation/quarantine. Currently, two rooms are occupied.
3. Working towards making rooms at Byron Avenue I/Q Facility operable at double capacity to increase the number of beds available for individuals.
4. Planning and preparing for next operational period.

PLANNING

1. Developing food distribution and delivery transition plan.
2. Continuing development of medical surge planning.
3. Developing remobilization and transition to recovery plan.
