Church affiliation (If any):

Pastor's Name:

Why Refresh Mobile Showers?

What made you interested in volunteering with Refresh Mobile Showers?

Background Check Authorization

All volunteer applicants over the age of 18 must consent to a criminal background check before they can volunteer.

In the interest of fulfilling our mission, as well as the safety and well-being of those whom we are called to serve, King Road M.B. Church reserves the right to deny any individual from serving as a volunteer.

Note: if you do not authorize, you will be unable to volunteer.

Confidentiality Agreement

Confidentiality can be a life or death issue for people who are homeless. As a volunteer of the Refresh Mobile Showers Program, I agree to hold information regarding people I encounter while volunteering and their condition in confidence. This includes not sharing camp locations. Conversations about individuals being served and their situations, without their consent are violations of the trust, respect and privacy to which they are entitled.

- **Do not** share your personal contact information with individuals being served (address, phone number, email)
- **Do not** transport individuals being served in your personal vehicle.
- Connecting and building healthy wholesome relationships between volunteers and individuals being served is encouraged. It is important that these relationships be developed carefully and respectfully, recognizing that many individuals being served are emotionally, socially, spiritually, and physically vulnerable. With this in mind, please do not visit camp locations outside of Refresh Mobile Showers events.

Background Check Authorization and Confidentiality

I authorize King Road M.B. Church to run a criminal background check and I agree to abide by the Refresh Mobile Showers confidentiality agreement (as seen above).

By signing this form you **agree** with the information above
