Response to Scope of Work

Category 1: Access Control Systems

At Burgarello Alarm, we've been in business for over forty years and have a vast knowledge of a wide variety of past and present access control systems. We install, warranty-repair and service everything we sell. Burgarello Alarm installs and services these major manufacturer's product lines:

NORTHERN ACCESS

PASSPOINT ACCESS

READYKEY ACCESS

BOSCH ACCESS

READYKEY PRO ACCESS

KERRI ACCESS

IEI ACCESS

BRIVO ACCESS

Burgarello Alarm installs and services most devices for these various systems that are compatible and access-integrated to include:

PROX READERS

LONG-RANGE PROX READERS

SWIPE READERS

BIOMETRIC READERS

ALARM SYSTEM INTEGRATION

POS INTEGRATION

CCTV INTEGRATION

FIRE ALARM INTEGRATION

MAN TRAPS

I.D. BADGING

EMPLOYEE TRACKING

TIME & ATTENDANCE

FACILITY GUARD TOURING

Burgarello Alarm is a one-stop source that delivers turn-key solutions for ease and peace of mind for our clients. This includes the initial consulting phase Burgarello Alarm conducts with each client to ensure the accuracy of the project quoted and the applicable Scope of Work deliverables. This can include specific installation requirements required for the site, pre and post work inspections, agreed-upon choice to replace or upgrade the existing system as well as the necessity to remove the previous access system.

Scope of work may also include any coordination of subcontracting work that would be fully supervised and coordinated by Burgarello Alarm. The initial meeting with the client is essential. Based on our client's input we can suggest ideas, locations, and requirements for egress in the case of a fire for example. It's no longer the days of pushing buttons to unlock a door. Burgarello Alarm can create user groups to trigger the access control system to arm the alarm, automatically notify system administrators of doors being unlocked and now, the information database can also be saved at an offsite remote location ensuring the customer's database is never at risk.

It is also important

Scope of Work

Category 1: Access Control Systems

at this point to discuss who will be administrating the access cards, schedules, etc. for coordination and future training purposes. If it is determined that there will be a client system administrator then Burgarello Alarm can offer other solutions to meet our client's requirements.

All of our technicians are factory trained and certified. Some of our manufacture's product lines require training for Sales, Service and Installation before we can order product for in-house review. This ensures the product is installed to a level of satisfaction that our clients demand and require.

Burgarello Alarm also has an in-house I.T. Department for higher level programming and networking issues and works extensively with our client's IT staff for new system integration and interfacing, phase-out projects or maintaining existing system operation with upgrades and device integration.

Burgarello Alarm currently manages many facilities for our client and is fully aware of the mandates and requirements for servicing, installing or upgrading their systems, including designating a project manager as a single point of contact and being able to provide our client's sites with individual access codes.

Before an installation is concluded, Burgarello Alarm conducts an extensive hands-on use of the newly installed system for as many users as required by the site management.

Burgarello Alarm guarantees system performance and warranties all product and services for a minimum of one year, oftentimes longer contingent upon the manufacturer's extended warranty policies.

The authorized representative assigned to this account to identify procedures regarding work requests will be Rob Sterett.

Burgarello Alarm has 24-7 On-Call technical support as well as technician assistance for on-site emergency repair 365 days/year.

Burgarello Alarm also has Northern Nevada's only U.L. Listed Central Monitoring Station for dispatching services that we internally operate. Our Monitoring Station has been previously certified as a 5-Diamond Station and we conduct annual U.L. certifications for on-going compliance of these high standards.

Response to Scope of work

Category 2: Burglar Alarm Systems

At Burgarello Alarm, we've been in business for over forty years and have a vast knowledge of a wide variety of past and present burglar alarm systems. We install, warranty-repair and service everything we sell. Burgarello Alarm installs and services these major manufacturer's product lines:

BOSCH	ITI	G.E.
ADEMCO	CADDX	DMP
MOOSE	APEX	2GIG
SILENT KNIGHT	DS	FBI
EUROPLEX	HAI	OMNI
ELK	AEGIS	

Burgarello Alarm installs and services most devices for these various systems to integrate a wide range of security needs. A sampling of the devices we install include the following:

CONTACTS	MOTION DETECTORS (various)	YARD BEAMS
WIRELESS DEVICES (VARIOUS)	TEMPERATURE CONTROL	WATER BUGS
TEMPERATURE SENSORS	MONEY CLIPS	SECURITY SCREENS
PANIC / HOLD-UP BUTTONS	SHOCK SENSORS	SIRENS
GLASS BREAK DETECTORS	KEYFOBS	DSL FILTERS
LCD/ANALOG/RF KEYPADS	PHONE VOICE MODULES	PROX SENSORS

Burgarello Alarm is a one-stop source that delivers turn-key solutions for ease and peace of mind for our clients. This includes the initial consulting phase Burgarello Alarm conducts with each client to ensure the accuracy of the project quoted and the applicable Scope of Work deliverables. This can include specific installation requirements required for the site to include:

Single-zone and multi-zoned systems, Programming panel requirements, System wiring, Phone lines, Power supply necessities, Troubleshooting normally-open normally-closed circuits, pre and post work inspections, agreed-upon choice to replace or upgrade the existing system as well as the necessity to remove the previous security system.

Category 2: Burglar Alarm Systems

Scope of work may also include multi system integration and connectivity during renovation projects. Any coordination of subcontracting work required would be fully supervised and coordinated by Burgarello Alarm.

Burgarello Alarm currently manages many facilities for our client and is fully aware of the mandates and requirements for servicing, installing or upgrading their systems, including designating a project manager as a single point of contact and being able to provide our client's sites with individual access codes.

Burgarello Alarm has its own proprietary radio telemetry system that incorporates a mesh network for signal receipt and transmission that bypasses normal analog and cellular communication for an independent communication path for added customer security.

Burgarello Alarm also has an in-house I.T. Department for higher level programming and networking issues and works extensively with our client's IT staff for new system integration and interfacing, phase-out projects or maintaining existing system operation with upgrades and device integration.

Before an installation is concluded, Burgarello Alarm conducts an extensive hands-on use of the newly installed system for as many users as required by the site management.

Our Monitoring Station has been previously certified as a 5-Diamond Station and we conduct annual U.L. certifications for on-going compliance of these high standards.

Response to Scope of work

Category 3: Closed Circuit Television Systems (CCTV)

At Burgarello Alarm, we've been in business for over forty years and have a vast knowledge of a wide variety of past and present CCTV systems. We install, warranty-repair and service everything we sell. Burgarello Alarm installs and services these and other major manufacturer's product lines:

DIGITAL WATCHDOG	HONEYWELL	PELCO
PANASONIC	EXACT VISION	FALCON
DIGITAL MICRO	SAMSUNG	BOSCH

Burgarello Alarm specializes in video networking and recording. We install and service the spectrum of CCTV systems, from a low-end resolution black & White box-style camera to high-end megapixel IP cameras with built-in DVR options. We customize these security solutions to our client's requirements to integrate a wide range of security needs. A sampling of the devices we install include the following:

BASIC CAMERAS (analog, black & white)	HIGH-END IP MEGAPIXEL CAMERAS	NETWORKING
VIDEO ANALYTICS	RECORDING OPTIONS	INTRANET
DVR OPTIONS W/ TERABYTE CAPACITY	PROGRAMMING	INTERNET
MOTION DETECTION	THERMAL IMAGING	PROGRAMMING
DAY / NIGHT CAPABILITY	COVERT SYSTEMS	

Burgarello Alarm typically run Cat 5 wiring or fiber optics using POE technology, Gigabit switching and multi-layer networking. We install digital video recording units that can be viewed locally or through an Intranet or Internet option with viewing capability either onsite or offsite usually being done via web-browsing based smart phone applications.

Burgarello Alarm is a one-stop source that delivers turn-key solutions for ease and peace of mind for our clients. This includes the initial consulting phase Burgarello Alarm conducts with each client to ensure the accuracy of the project quoted and the applicable Scope of Work deliverables. This can include specific installation requirements required for the site to include:

Reporting

WSCA – NASPO REQUIREMENTS REPORTING

Burgarello Alarm confirms compliance capability in regards specifically to Section 2.2 quarterly State reporting regulations. The GE MAS software our company utilizes for both Central Station and Accounting purposes can be customized in many different ways to meet our customer's specific invoicing and reporting needs and are available upon request.

Besides being able to run the required quarterly reports requested we're also able to run the following reports to help our client's identify these key areas for management purposes:

Automated Opening and Closing Reports	-	By Site, Region or Corporate Code
Daily, Weekly, Monthly Site History Reports	-	By Site, Region or Corporate Code
Alarm Reports (Alarm Restorals, Activity, Gen. Info)	-	By Site, Region or Corporate Code
Contact / Responsible Person Reporting	-	By Site, Region or Corporate Code
Activity by Event Type Code Reporting	-	By Site, Region or Corporate Code
Various Other Billing Reports	-	By Site, Region or Corporate Code

Company Background / History

Founded in 1972 by Louie Burgarello, Burgarello Alarm, Inc. proudly celebrated our 40th anniversary of business in 2012. We are a Better Business Bureau Accredited Member with an A+ Rating.

Serving the entire State of Nevada as well as Northern California, our main office is located in Sparks, NV with Branch Offices in Las Vegas, NV, Incline Village, NV and Sacramento, CA. In the State of Nevada Burgarello Alarm, Inc. services many rural areas in addition to the larger population hubs of Reno / Sparks / Lake Tahoe, Carson City and Las Vegas.

Burgarello Alarm, Inc. employs over 60 highly skilled Technicians, Salespeople and Associates. We specialize in Intrusion Alarm Systems, Fire Alarm Systems and associated required Fire Testing, CCTV, Home Automation, Access Control Systems and Audio / Visual consultation, design, installation and repair.

Burgarello Alarm Technicians are trained in the installation, testing, servicing and repair of most nationally distributed residential and commercial Security and Fire products. At Burgarello Alarm, Inc. we incorporate complete in-house Fire System Design, review and Cad drawing services with submission to all local authorities by NICET certified personnel in accordance with NFPA and IFC requirements. In addition to the design and plan review process required for Fire Alarm Systems, we also conduct any coordination required by the local AHJ in conjunction with the Fire Permit Approval and Fire System Final Inspection for all of our Customers.

Burgarello Alarm, Inc. owns and operates our own 5 Diamond Designated, U.L. Listed Central Station Monitoring Facility in our main office of Sparks, Nevada. Our monitoring center is equipped with the latest automation for alarm monitoring and signal processing. It is capable of handling most commonly used alarm communication formats. We also have the ability to monitor internet communications as a primary or backup means. We have our own FCC licensed U.L. listed fire and burg radio network. In addition to the radio network we also monitor all 3 major types of cellular communications from alarms systems as well. With the cellular systems this gives us the ability to provide real time apps for most smartphones.

With all of these features this gives us the unique ability to handle all of your account services in-house with 24 / 7 monitoring on premise.

ATTACHMENT B ~ CONFIDENTIALITY AND CERTIFICATION OF INDEMNIFICATION

Submitted proposals, which are marked "confidential" in their entirety, or those in which a significant portion of the submitted proposal is marked "confidential" **will not** be accepted by the State of Nevada. Pursuant to NRS 333.333, only specific parts of the proposal may be labeled a "trade secret" as defined in NRS 600A.030(5). All proposals are confidential until the contract is awarded; at which time, both successful and unsuccessful vendors' technical and cost proposals become public information.

In accordance with the Submittal Instructions of this RFP, vendors are requested to submit a redacted technical proposal containing no confidential information (section 4 of the proposal) as stated in Section 4.3.4 of the RFP. The State will not be responsible for any information contained within the proposal. Should vendors not comply with the labeling and packing requirements, proposals will be released as submitted. In the event a governing board acts as the final authority, there may be public discussion regarding the submitted proposals that will be in an open meeting format, the proposals will remain confidential.

By signing below, I understand it is my responsibility as the vendor to act in protection of the labeled information and agree to defend and indemnify the State of Nevada for honoring such designation. I duly realize failure to so act will constitute a complete waiver and all submitted information will become public information; additionally, failure to label any information that is released by the State shall constitute a complete waiver of any and all claims for damages caused by the release of the information.

This proposal contains Confidential Information, Trade Secrets and/or Proprietary information as defined in *Section 1.2 "ACRONYMS/DEFINITIONS."*

Please initial the appropriate response in the boxes below and provide the justification for confidential status.

Attachments A – C must be submitted in Section 1 of vendor's proposal

ATTACHMENT C ~ VENDOR CERTIFICATIONS

Vendor agrees and will comply with the following:

- (1) Any and all prices that may be charged under the terms of the contract do not and will not violate any existing federal, State or municipal laws or regulations concerning discrimination and/or price fixing. The vendor agrees to indemnify, exonerate and hold the State harmless from liability for any such violation now and throughout the term of the contract.
- (2) All proposed capabilities can be demonstrated by the vendor.
- (3) The price(s) and amount of this proposal have been arrived at independently and without consultation, communication, agreement or disclosure with or to any other contractor, vendor or potential vendor.
- (4) All proposal terms, including prices, will remain in effect for a minimum of 180 days after the proposal due date. In the case of the awarded vendor, all proposal terms, including prices, will remain in effect throughout the contract negotiation process.
- (5) No attempt has been made at any time to induce any firm or person to refrain from proposing or to submit a proposal higher than this proposal, or to submit any intentionally high or noncompetitive proposal. All proposals must be made in good faith and without collusion.
- (6) All conditions and provisions of this RFP are deemed to be accepted by the vendor and incorporated by reference in the proposal, except such conditions and provisions that the vendor expressly excludes in the proposal. Any exclusion must be in writing and included in the proposal at the time of submission.
- (7) Each vendor must disclose any existing or potential conflict of interest relative to the performance of the contractual services resulting from this RFP. Any such relationship that might be perceived or represented as a conflict should be disclosed. By submitting a proposal in response to this RFP, vendors affirm that they have not given, nor intend to give at any time hereafter, any economic opportunity, future employment, gift, loan, gratuity, special discount, trip, favor, or service to a public servant or any employee or representative of same, in connection with this procurement. Any attempt to intentionally or unintentionally conceal or obfuscate a conflict of interest will automatically result in the disqualification of a vendor's proposal. An award will not be made where a conflict of interest exists. The State will determine whether a conflict of interest exists and whether it may reflect negatively on the State's selection of a vendor. The State reserves the right to disqualify any vendor on the grounds of actual or apparent conflict of interest.
- (8) All employees assigned to the project are authorized to work in this country.
- (9) The company has a written equal opportunity policy that does not discriminate in employment practices with regard to race, color, national origin, physical condition, creed, religion, age, sex, marital status, sexual orientation, developmental disability or handicap.
- (10) The company has a written policy regarding compliance for maintaining a drug-free workplace.
- (11) Vendor understands and acknowledges that the representations within their proposal are material and important, and will be relied on by the State in evaluation of the proposal. Any vendor misrepresentations shall be treated as fraudulent concealment from the State of the true facts relating to the proposal.
- (12) Vendor must certify that any and all subcontractors comply with Sections 7, 8, 9, and 10, above.
- (13) The proposal must be signed by the individual(s) legally authorized to bind the vendor per NRS 333.337.

ATTACHMENT B ~ CONFIDENTIALITY AND CERTIFICATION OF INDEMNIFICATION

Submitted proposals, which are marked “confidential” in their entirety, or those in which a significant portion of the submitted proposal is marked “confidential” **will not** be accepted by the State of Nevada. Pursuant to NRS 333.333, only specific parts of the proposal may be labeled a “trade secret” as defined in NRS 600A.030(5). All proposals are confidential until the contract is awarded; at which time, both successful and unsuccessful vendors’ technical and cost proposals become public information.

In accordance with the Submittal Instructions of this RFP, vendors are requested to submit a redacted technical proposal containing no confidential information (section 4 of the proposal) as stated in Section 4.3.4 of the RFP. The State will not be responsible for any information contained within the proposal. Should vendors not comply with the labeling and packing requirements, proposals will be released as submitted. In the event a governing board acts as the final authority, there may be public discussion regarding the submitted proposals that will be in an open meeting format, the proposals will remain confidential.

By signing below, I understand it is my responsibility as the vendor to act in protection of the labeled information and agree to defend and indemnify the State of Nevada for honoring such designation. I duly realize failure to so act will constitute a complete waiver and all submitted information will become public information; additionally, failure to label any information that is released by the State shall constitute a complete waiver of any and all claims for damages caused by the release of the information.

This proposal contains Confidential Information, Trade Secrets and/or Proprietary information as defined in **Section 1.2 “ACRONYMS/DEFINITIONS.”**

Please initial the appropriate response in the boxes below and provide the justification for confidential status.

Attachments A – C must be submitted in Section 1 of vendor’s proposal

ATTACHMENT C ~ VENDOR CERTIFICATIONS

Vendor agrees and will comply with the following:

- (1) Any and all prices that may be charged under the terms of the contract do not and will not violate any existing federal, State or municipal laws or regulations concerning discrimination and/or price fixing. The vendor agrees to indemnify, exonerate and hold the State harmless from liability for any such violation now and throughout the term of the contract.
- (2) All proposed capabilities can be demonstrated by the vendor.
- (3) The price(s) and amount of this proposal have been arrived at independently and without consultation, communication, agreement or disclosure with or to any other contractor, vendor or potential vendor.
- (4) All proposal terms, including prices, will remain in effect for a minimum of 180 days after the proposal due date. In the case of the awarded vendor, all proposal terms, including prices, will remain in effect throughout the contract negotiation process.
- (5) No attempt has been made at any time to induce any firm or person to refrain from proposing or to submit a proposal higher than this proposal, or to submit any intentionally high or noncompetitive proposal. All proposals must be made in good faith and without collusion.
- (6) All conditions and provisions of this RFP are deemed to be accepted by the vendor and incorporated by reference in the proposal, except such conditions and provisions that the vendor expressly excludes in the proposal. Any exclusion must be in writing and included in the proposal at the time of submission.
- (7) Each vendor must disclose any existing or potential conflict of interest relative to the performance of the contractual services resulting from this RFP. Any such relationship that might be perceived or represented as a conflict should be disclosed. By submitting a proposal in response to this RFP, vendors affirm that they have not given, nor intend to give at any time hereafter, any economic opportunity, future employment, gift, loan, gratuity, special discount, trip, favor, or service to a public servant or any employee or representative of same, in connection with this procurement. Any attempt to intentionally or unintentionally conceal or obfuscate a conflict of interest will automatically result in the disqualification of a vendor's proposal. An award will not be made where a conflict of interest exists. The State will determine whether a conflict of interest exists and whether it may reflect negatively on the State's selection of a vendor. The State reserves the right to disqualify any vendor on the grounds of actual or apparent conflict of interest.
- (8) All employees assigned to the project are authorized to work in this country.
- (9) The company has a written equal opportunity policy that does not discriminate in employment practices with regard to race, color, national origin, physical condition, creed, religion, age, sex, marital status, sexual orientation, developmental disability or handicap.
- (10) The company has a written policy regarding compliance for maintaining a drug-free workplace.
- (11) Vendor understands and acknowledges that the representations within their proposal are material and important, and will be relied on by the State in evaluation of the proposal. Any vendor misrepresentations shall be treated as fraudulent concealment from the State of the true facts relating to the proposal.
- (12) Vendor must certify that any and all subcontractors comply with Sections 7, 8, 9, and 10, above.
- (13) The proposal must be signed by the individual(s) legally authorized to bind the vendor per NRS 333.337.

CERTIFICATE OF COMPLIANCE

THIS IS TO CERTIFY that the Alarm Service Company indicated below is included by Underwriters Laboratories Inc. (UL) in its Product Directories as eligible to use the UL Listing Mark in connection with Certificated Alarm Systems. The only evidence of compliance with UL's requirements is the issuance of a UL Certificate for the Alarm System and the Certificate is current under UL's Certificate Verification Service. This Certificate does not apply in any way to the communication channel between the protected property and any facility that monitors signals from the protected property unless the use of a UL listed or Classified Alarm Transport Company is specified on the Certificate.

Response to Scope of Work

Category 1: Access Control Systems

At Burgarello Alarm, we've been in business for over forty years and have a vast knowledge of a wide variety of past and present access control systems. We install, warranty-repair and service everything we sell. Burgarello Alarm installs and services these major manufacturer's product lines:

NORTHERN ACCESS

PASSPOINT ACCESS

READYKEY ACCESS

BOSCH ACCESS

READYKEY PRO ACCESS

KERRI ACCESS

IEI ACCESS

BRIVO ACCESS

Burgarello Alarm installs and services most devices for these various systems that are compatible and access-integrated to include:

PROX READERS

LONG-RANGE PROX READERS

SWIPE READERS

BIOMETRIC READERS

ALARM SYSTEM INTEGRATION

POS INTEGRATION

CCTV INTEGRATION

FIRE ALARM INTEGRATION

MAN TRAPS

I.D. BADGING

EMPLOYEE TRACKING

TIME & ATTENDANCE

FACILITY GUARD TOURING

Burgarello Alarm is a one-stop source that delivers turn-key solutions for ease and peace of mind for our clients. This includes the initial consulting phase Burgarello Alarm conducts with each client to ensure the accuracy of the project quoted and the applicable Scope of Work deliverables. This can include specific installation requirements required for the site, pre and post work inspections, agreed-upon choice to replace or upgrade the existing system as well as the necessity to remove the previous access system.

Scope of work may also include any coordination of subcontracting work that would be fully supervised and coordinated by Burgarello Alarm. The initial meeting with the client is essential. Based on our client's input we can suggest ideas, locations, and requirements for egress in the case of a fire for example. It's no longer the days of pushing buttons to unlock a door. Burgarello Alarm can create user groups to trigger the access control system to arm the alarm, automatically notify system administrators of doors being unlocked and now, the information database can also be saved at an offsite remote location ensuring the customer's database is never at risk.

It is also important

Scope of Work

Category 1: Access Control Systems

at this point to discuss who will be administrating the access cards, schedules, etc. for coordination and future training purposes. If it is determined that there will be a client system administrator then Burgarello Alarm can offer other solutions to meet our client's requirements.

All of our technicians are factory trained and certified. Some of our manufacture's product lines require training for Sales, Service and Installation before we can order product for in-house review. This ensures the product is installed to a level of satisfaction that our clients demand and require.

Burgarello Alarm also has an in-house I.T. Department for higher level programming and networking issues and works extensively with our client's IT staff for new system integration and interfacing, phase-out projects or maintaining existing system operation with upgrades and device integration.

Burgarello Alarm currently manages many facilities for our client and is fully aware of the mandates and requirements for servicing, installing or upgrading their systems, including designating a project manager as a single point of contact and being able to provide our client's sites with individual access codes.

Before an installation is concluded, Burgarello Alarm conducts an extensive hands-on use of the newly installed system for as many users as required by the site management.

Burgarello Alarm guarantees system performance and warranties all product and services for a minimum of one year, oftentimes longer contingent upon the manufacturer's extended warranty policies.

The authorized representative assigned to this account to identify procedures regarding work requests will be Rob Sterett.

Burgarello Alarm has 24-7 On-Call technical support as well as technician assistance for on-site emergency repair 365 days/year.

Burgarello Alarm also has Northern Nevada's only U.L. Listed Central Monitoring Station for dispatching services that we internally operate. Our Monitoring Station has been previously certified as a 5-Diamond Station and we conduct annual U.L. certifications for on-going compliance of these high standards.

Response to Scope of work

Category 2: Burglar Alarm Systems

At Burgarello Alarm, we've been in business for over forty years and have a vast knowledge of a wide variety of past and present burglar alarm systems. We install, warranty-repair and service everything we sell. Burgarello Alarm installs and services these major manufacturer's product lines:

BOSCH	ITI	G.E.
ADEMCO	CADDX	DMP
MOOSE	APEX	2GIG
SILENT KNIGHT	DS	FBI
EUROPLEX	HAI	OMNI
ELK	AEGIS	

Burgarello Alarm installs and services most devices for these various systems to integrate a wide range of security needs. A sampling of the devices we install include the following:

CONTACTS	MOTION DETECTORS (various)	YARD BEAMS
WIRELESS DEVICES (VARIOUS)	TEMPERATURE CONTROL	WATER BUGS
TEMPERATURE SENSORS	MONEY CLIPS	SECURITY SCREENS
PANIC / HOLD-UP BUTTONS	SHOCK SENSORS	SIRENS
GLASS BREAK DETECTORS	KEYFOBS	DSL FILTERS
LCD/ANALOG/RF KEYPADS	PHONE VOICE MODULES	PROX SENSORS

Burgarello Alarm is a one-stop source that delivers turn-key solutions for ease and peace of mind for our clients. This includes the initial consulting phase Burgarello Alarm conducts with each client to ensure the accuracy of the project quoted and the applicable Scope of Work deliverables. This can include specific installation requirements required for the site to include:

Single-zone and multi-zoned systems, Programming panel requirements, System wiring, Phone lines, Power supply necessities, Troubleshooting normally-open normally-closed circuits, pre and post work inspections, agreed-upon choice to replace or upgrade the existing system as well as the necessity to remove the previous security system.

Category 2: Burglar Alarm Systems

Scope of work may also include multi system integration and connectivity during renovation projects. Any coordination of subcontracting work required would be fully supervised and coordinated by Burgarello Alarm.

Burgarello Alarm currently manages many facilities for our client and is fully aware of the mandates and requirements for servicing, installing or upgrading their systems, including designating a project manager as a single point of contact and being able to provide our client's sites with individual access codes.

Burgarello Alarm has its own proprietary radio telemetry system that incorporates a mesh network for signal receipt and transmission that bypasses normal analog and cellular communication for an independent communication path for added customer security.

Burgarello Alarm also has an in-house I.T. Department for higher level programming and networking issues and works extensively with our client's IT staff for new system integration and interfacing, phase-out projects or maintaining existing system operation with upgrades and device integration.

Before an installation is concluded, Burgarello Alarm conducts an extensive hands-on use of the newly installed system for as many users as required by the site management.

Response to Scope of work

Category 3: Closed Circuit Television Systems (CCTV)

At Burgarello Alarm, we've been in business for over forty years and have a vast knowledge of a wide variety of past and present CCTV systems. We install, warranty-repair and service everything we sell. Burgarello Alarm installs and services these and other major manufacturer's product lines:

DIGITAL WATCHDOG	HONEYWELL	PELCO
PANASONIC	EXACT VISION	FALCON
DIGITAL MICRO	SAMSUNG	BOSCH

Burgarello Alarm specializes in video networking and recording. We install and service the spectrum of CCTV systems, from a low-end resolution black & White box-style camera to high-end megapixel IP cameras with built-in DVR options. We customize these security solutions to our client's requirements to integrate a wide range of security needs. A sampling of the devices we install include the following:

BASIC CAMERAS (analog, black & white)	HIGH-END IP MEGAPIXEL CAMERAS	NETWORKING
VIDEO ANALYTICS	RECORDING OPTIONS	INTRANET
DVR OPTIONS W/ TERABYTE CAPACITY	PROGRAMMING	INTERNET
MOTION DETECTION	THERMAL IMAGING	PROGRAMMING
DAY / NIGHT CAPABILITY	COVERT SYSTEMS	

Burgarello Alarm typically run Cat 5 wiring or fiber optics using POE technology, Gigabit switching and multi-layer networking. We install digital video recording units that can be viewed locally or through an Intranet or Internet option with viewing capability either onsite or offsite usually being done via web-browsing based smart phone applications.

Reporting

WSCA – NASPO REQUIREMENTS REPORTING

Burgarello Alarm confirms compliance capability in regards specifically to Section 2.2 quarterly State reporting regulations. The GE MAS software our company utilizes for both Central Station and Accounting purposes can be customized in many different ways to meet our customer's specific invoicing and reporting needs and are available upon request.

Besides being able to run the required quarterly reports requested we're also able to run the following reports to help our client's identify these key areas for management purposes:

Automated Opening and Closing Reports	-	By Site, Region or Corporate Code
Daily, Weekly, Monthly Site History Reports	-	By Site, Region or Corporate Code
Alarm Reports (Alarm Restorals, Activity, Gen. Info)	-	By Site, Region or Corporate Code
Contact / Responsible Person Reporting	-	By Site, Region or Corporate Code
Activity by Event Type Code Reporting	-	By Site, Region or Corporate Code
Various Other Billing Reports	-	By Site, Region or Corporate Code

Company Background / History

Founded in 1972 by Louie Burgarello, Burgarello Alarm, Inc. proudly celebrated our 40th anniversary of business in 2012. We are a Better Business Bureau Accredited Member with an A+ Rating.

Serving the entire State of Nevada as well as Northern California, our main office is located in Sparks, NV with Branch Offices in Las Vegas, NV, Incline Village, NV and Sacramento, CA. In the State of Nevada Burgarello Alarm, Inc. services many rural areas in addition to the larger population hubs of Reno / Sparks / Lake Tahoe, Carson City and Las Vegas.

Burgarello Alarm, Inc. employs over 60 highly skilled Technicians, Salespeople and Associates. We specialize in Intrusion Alarm Systems, Fire Alarm Systems and associated required Fire Testing, CCTV, Home Automation, Access Control Systems and Audio / Visual consultation, design, installation and repair.

Burgarello Alarm Technicians are trained in the installation, testing, servicing and repair of most nationally distributed residential and commercial Security and Fire products. At Burgarello Alarm, Inc. we incorporate complete in-house Fire System Design, review and Cad drawing services with submission to all local authorities by NICET certified personnel in accordance with NFPA and IFC requirements. In addition to the design and plan review process required for Fire Alarm Systems, we also conduct any coordination required by the local AHJ in conjunction with the Fire Permit Approval and Fire System Final Inspection for all of our Customers.

Burgarello Alarm, Inc. owns and operates our own 5 Diamond Designated, U.L. Listed Central Station Monitoring Facility in our main office of Sparks, Nevada. Our monitoring center is equipped with the latest automation for alarm monitoring and signal processing. It is capable of handling most commonly used alarm communication formats. We also have the ability to monitor internet communications as a primary or backup means. We have our own FCC licensed U.L. listed fire and burg radio network. In addition to the radio network we also monitor all 3 major types of cellular communications from alarms systems as well. With the cellular systems this gives us the ability to provide real time apps for most smartphones.

With all of these features this gives us the unique ability to handle all of your account services in-house with 24 / 7 monitoring on premise.
