Please answer the following questions as specified in Section 4: Customer Service

What are your hours of operation?

8 AM to 5 PM EST Monday through Friday except holidays

When are key people available to assist purchasing entities?

8 AM to 5 PM EST Monday through Friday except holidays

Also, the sales team checks email regularly on weekends, after hours and holidays

Describe how problem identification and resolution will be handled.

Issues should be reported to the sales team first. The team member handling the issue will work to resolve the issue and get other departments involved in the resolution as necessary

How will you service each account?

We will service each account as required by their individual needs.

We take a personal approach since different agencies have different requirements.

Describe the system used to manage each account.

We start by sending the documents to be filled out to set up a new account in the Evenflo system.

We provide the agency with any documents they will need to set Evenflo up as a Vendor.

Orders are then entered, shipped and invoiced within 5 days, and tracking is done as necessary.

How will you respond to customer complaints and service issues?

We take complaints and service issues very serious and react immediately to resolve.

It depends on the complaint as to how it will be handled and which departments will be involved.

What are your quality assurance measures and how are they handled?

Evenflo's Quality Assurance department inspects products daily to make sure there are no issues.

If an issue is found, the product is isolated and the issues fixed before product is shipped.

If customer contacts Evenflo about a quality issue, this is reported to Quality for an investigation.

The issue is resolved with the customer either by replacing the product or a part as necessary.

**Scope of Work Requirements**

Provide the details of any training available including web-based and web-sites, if applicable.

Evenflo has web-based training available to earn CEU's

Evenflo attends many state and national conferences where they present and train, usually with engineers

How will recalled child safety seats be handled?

The Institutional Sales Team will contact the agency that received a recalled seat. Also, everyone that sends in a registration card will receive a letter explaining how the recall is being handled.

The recall issue will be taken care of as determined by the issue involved.

(question below is locked and I can't enter)
