SERVICE LEVEL AGREEMENT (SLA)

The purpose of this model Service Level Agreement (SLA) is to provide the Participating Entities and Awarded Vendors with an example of a guarantee of service levels with penalties for failure to perform. This model SLA utilizes a scorecard method for the Customer level SLA and flat rate penalties for the Participating Entity. Awarded Vendors are to negotiate their own SLA with each Participating Entity at time of initiating the Participating Addendum. All parties are cautioned to utilize measurements that are reportable and measurable.

1. Customer Level SLA

1.1 Purpose

The purpose of this addendum is to define service levels; penalties for the performance of the service levels; as well as provide the Customer with a defined replacement process for equipment performing below expectations.

1.2 Customer Service Level Agreement

Vendor agrees to maintain the following service levels defined below as targets:

Performance Criteria	Target Level
Average Uptime	96% or Better
Average On-Site Response Time	4 Hours or Less
First Time Fix	80% of all service calls or better

These service levels will be measured on a quarterly basis between Vendor and the State.

1.3 Calculation of Service Level Points

Once per quarter, Vendor will produce reporting to be measured against the Service Level Agreement and points will be assigned according to the following chart. These points will be added to produce a total Service Level score. This score will be used to determine the subsequent penalty according to the following schedule where the penalty can be up to 4% of the previous quarter's service and supplies billing (expressed as a negative %).

1.5 Equipment Performance

Vendor guarantees each machine specified within any maintenance agreement will perform to either a) the monthly copies between service calls as measured by machine on a quarterly basis by group and segment listed below and/or b) the monthly uptime as measured by machine on a quarterly basis by segment listed below.

Group	Devices	Segments	Quarterly Uptime
A	Convenience Copiers	All	95%
B	Production Print Copiers	All	95%
D	Printers (Color and Black & White)	All	95%

If any unit fails to maintain this level of performance between calls and or the monthly uptime, excluding service calls caused by operator error that system will be subject to replacement at the Customers discretion on a like-for-like basis with

then current technology. Prior to installing a substitute product, supplier will be allowed 90 days to remedy any quality or reliability issues. A designated factory authorized technician must certify each unit's ability to produce acceptable impressions with acceptable copies between calls or uptime. The guarantee will remain in effect for the term of the contract or up to five (5) years from the date of purchase/lease, provided the equipment has not been subjected to abuse or neglect and has been continuously covered by a Maintenance Contract. This replacement policy will remain in effect for the term of the contract and is subject to the Customer remaining current with supplier's payment requirements.
