 - ii. **Contractor's Duties.** Notwithstanding termination of the Order, and subject to any directions from the procurement officer, Contractor shall take timely, reasonable, and necessary action to protect and preserve property in the possession of Contractor in which the Ordering Entity has an interest (if any).
 - iii. **Compensation.** The Ordering Entity may withhold amounts due to Contractor as the procurement officer deems necessary to protect the Ordering Entity against loss because of outstanding liens or claims of former lien holders and to reimburse the Ordering Entity for the extra costs incurred in procuring substitute Goods and/or Services.
 - iv. **Erroneous Termination for Default by a State Ordering Entity.** If after notice of termination of Contractor's right to proceed under the provisions of this §4.H, it is determined for any reason that Contractor was not in breach under the provisions of this section, or that the delay was excusable, the rights and obligations of the State Ordering Entity and the Contractor shall be the same as if the notice of termination had been issued pursuant to termination for the public interest §4.H.v. below.

- v. **Termination of an Order for the Public Interest.** Unless otherwise agreed, a State Ordering Entity procurement officer, when the interests of the Participating State so require, may terminate any Order, in whole or in part, for the public interest of the State, provided only that such termination will not relieve the State Ordering Entity from its obligations with respect to any Goods and/or Services already delivered to or used by such Ordering Entity. The procurement officer shall give at least thirty (30) days prior written notice of the termination to Contractor, specifying the part of the Order terminated and when termination becomes effective. Termination for the public interest of all or any portion of an Order shall not constitute a breach of this Addendum by an Ordering Entity or the Participating State.
 - a) **Contractor's Obligations.** Contractor shall incur no further obligations in connection with the terminated Order on or after the date set in the notice of termination. Contractor will stop Work to the extent specified. Contractor must still complete and deliver to the State Ordering Entity the portion of the Order not terminated (if any) by the notice of termination.
 - b) **Compensation.** Upon termination of an Order by a State Ordering Entity, Contractor shall be entitled to compensation as follows:
 - 1. Contractor shall submit a termination claim specifying the amounts due because of the termination for the public interest together with cost or pricing data bearing on such claim.
 - 2. The Ordering Entity shall pay Contractor an amount which bears the same ratio to the total reimbursement under the Order as Contractor's obligations that were satisfactorily performed bear to the total obligations set forth in the Order, less payments previously made. Additionally, if a terminated Order is less than sixty (60) percent completed, the State Ordering Entity may reimburse Contractor for a portion of actual out-of-pocket expenses (not otherwise reimbursed under such Order) incurred by Contractor which are directly attributable to the uncompleted portion of Contractor's obligations hereunder; provided that the sum of any and all reimbursement shall not exceed the maximum amount payable to Contractor under such Order.
- i. **Internet Ordering, E-Commerce and Web Catalog, Electronic Data Storage, and Catalogs** Maintenance of its internet, e-commerce and web catalog, electronic data storage, and catalogs is the Contractor's responsibility and shall be at Contractor's expense.
 - i. **Internet Ordering.** As applicable, Contractor shall provide internet catalogs accessible to all Ordering Entities, provide a URL link and Colorado "splash" page or landing page with link to the SPO State Price Agreement web location, designate market basket items in its on-line catalogs for ease of ordering, identify a symbol or marking used to identify market basket items, and designate all environmental preferable products (EPP) in their on-line catalogs and identify the symbol used to mark these EPP products.
 - ii. **Electronic Data Storage.** Contractor must have the capability of electronic data storage and a back-up system in the unlikely event that the main information storehouse becomes unusable. Contractor shall have industry standard security protocol including storage of data, ordering security, and data file security.
- J. **Catalogs.** Contractor must provide paper and/or computer media catalogs to any Ordering Entity, upon request for the duration of this Contract.
- K. **Order for Leased Goods.** An Ordering Entity may place an Order for Goods to be leased from a third Party leasing company. The Ordering Entity must have been approved for the lease by the leasing company when placing the Order. The Order will provide for payment of the Goods by the leasing company at the time the lease is executed by the Ordering Entity and the leasing company and the Ordering Entity accepts the Goods covered by the lease. The Contractor shall convey title to the Goods, and any applicable warranties, to the leasing company upon payment of the Order by the leasing company.

5. TAXES and PAYMENTS TO CONTRACTOR

A. Taxes and Tax Exemption Status

- i. The Participating State and State Ordering Entities are exempt from all federal excise taxes under the US Internal Revenue Code (**IRC**) **Chapter 32 (Certificate of Registry No. 84-**

730123K) and from all Colorado State and local government sales and use taxes under **CRS §39-26-101 and 201 et seq.** Such exemptions apply when Goods are purchased or Services are rendered to benefit the State. Contractor is hereby notified that when products or Services are purchased for the benefit of State Ordering Entities, some Political Subdivisions (e.g., City and County of Denver) may require payment of sales or use taxes even though the product or service is provided to the State or a State Ordering Entity. These sales or use taxes will not be reimbursed by the State Ordering Entity, nor will any prices or rates in this Contract be adjusted on account of such taxes.

- ii. For the purpose of establishing this Addendum, the SPO's FEIN is 84-0644739, however different Ordering Entities may have their own Federal Employer Identification Numbers. The Participating State's tax exemption number is 98-02565-0000, however, different Ordering Entities may have their own tax exemption numbers as well. The Contractor shall be responsible for requesting and obtaining each Ordering Entity's FEIN and tax exemption number, and documentation at the time an Order is placed or upon Contractor's request. The Participating State is not liable for any taxes assessed against Contractor for franchise or licensing, or related to the income of the Contractor. No taxes of any kind shall be charged to the Participating State.

B. Payments to Contractor

- i. An Ordering Entity issuing a valid Order shall be bound by the terms and conditions of this Addendum, including, without limitation, the obligation to pay Contractor for Goods and/or Services in accordance with the provisions of this §5, using the methods set forth below.
- ii. The State of Colorado shall not be liable for payment of Orders placed by a non-State Ordering Entity nor shall the Contractor seek compensation from the State of Colorado for such Orders.

C. Invoicing/Billing

i. Invoices

- a) Contractor shall have an accounting and billing system and provide Ordering Entities with an invoice when purchases are made. Contractor shall invoice Ordering Entities for Goods and/or Services provided to and accepted by the Ordering Entity, at the prices as provided pursuant to the Master Agreement, as amended. A statement showing transactions for a period is not an invoice, though the Contractor may provide such documents as information to the Ordering Entity on a regular basis or upon the request of an Ordering Entity. Unless otherwise specified in the Order, Ordering Entities will pay Contractor based on submission of invoices to the Ordering Entity that detail the dates, quantity, and description of Goods delivered and/or Services performed, the billing rate, the Order number, the Price Agreement number and the NASPO ValuePoint Master Agreement number. Incorrect payments to Contractor due to omission, error, fraud, or defalcation may be recovered from the Contractor by deduction from subsequent payments due under Orders or other Contracts between the Ordering Entity and the Contractor.
- b) The terms and conditions on any invoice, statement, Contractor time sheet, or other form (e.g. Contractor's website and/or online terms), including, but not limited to, indemnification, limitation of liability, or cancellation fees, shall be void and of no effect against the Participating State or any Ordering Entity. The Contractor's and Ordering Entities' rights and obligations shall be governed solely by the terms and conditions of this Addendum and the Master Agreement. Any Ordering Entity employee's signature on Contractor's forms shall be effective only to establish receipt of Goods or Services. The Contractor shall provide a toll free number for Ordering Entity inquiries on billing problems.

- ii. **Renewal of Agreement.** In the event of renewal of this Addendum, or any amendment of its terms (including prices), unless otherwise specified in an Order, the Contractor shall provide Goods and/or Services in accordance with the terms of the Addendum current at the time of an Order, and invoice the Ordering Entity at the pricing in effect at the time the Order was placed.

- iii. **Remittance.** Ordering Entities will remit payments by mail or via State procurement credit cards or as otherwise agreed by Contractor and such Ordering Entities. The Ordering Entities shall send payments to Contractor at the address shown on the invoice if it is the same address recorded in this Addendum or subsequently provided to SPO in writing. Contractor must provide written notice (email is acceptable) of a remittance change to the SPO within five (5) business days of a change.
- iv. **Payment by State Ordering Entities; Interest.** Contractor shall allow State Ordering Entities a minimum of thirty (30) days after receipt of an invoice to pay for products or services provided by Contractor. State law and regulations provide that State payments made within forty-five (45) days are not considered delinquent, and unless otherwise agreed, State Ordering Entities will pay interest on any unpaid balance beginning on the 46th day at the rate of one (1) percent per month on any unpaid balance until paid in full; provided, however, that interest shall not accrue on unpaid amounts that are the subject of a good faith dispute regarding the obligation to pay all or a portion of the liability. Contractor shall invoice State Ordering Entities separately for accrued interest on delinquent amounts due. The billing shall reference the delinquent payment, the number of day's interest to be paid, and the applicable interest date. (**§24-30-202(24), CRS., as amended.**)
- v. **Payment By Colorado Political Subdivisions, Non-Profit Organizations, or Other non-State Eligible Entities.** For Orders placed by non-State Ordering Entities (Political Subdivisions, Non-Profit Organizations, or other non-State eligible entities), terms for payment shall be specified in the written Orders. Contractor shall invoice non-State Ordering Entities directly. Ordering Entities generally remit payment in a timely manner within thirty (30) days of invoice; however, it is the Contractor's responsibility to confirm all payment terms with each non-State Ordering Entity at the time an Order is placed.
- vi. **Maximum Amount.** State Ordering Entities shall place Orders with the Contractor using a purchase or Delivery Order, or State Contract as required by Participating State law, regulations, and the State Fiscal Rules. All non-State Ordering Entities shall place Orders with a Purchase Order or other Contracting document acceptable to the Contractor. The maximum amount payable under this Addendum shall be determined by the amount of Orders placed and other Contracting documents. No Contract Funds will be encumbered by the State Department of Personnel & Administration against this Addendum unless an Order is placed by that agency. Ordering Entities shall state the maximum amount available for the purchase of Goods and/or Services under each Order.
- vii. **Advance, Interim and Final Payments.** Any advance payment allowed under any Order issued by a State Agency against this Addendum shall comply with State Fiscal Rules and be made in accordance with the provisions of this Addendum and such Order. Non-State Ordering Entities may have their own fiscal procedures regarding advance payments, which may be agreed upon in writing between the non-State Ordering Entity and the Contractor.
- viii. **Available Funds-Contingency-Termination**
 - a) State Ordering Entities are prohibited by law from making commitments beyond the term of the Participating State's current Fiscal Year. Therefore, Contractor's compensation beyond the Participating State's current Fiscal Year is contingent upon the continuing availability of State appropriations as provided in the **Colorado Special Provisions, §18** hereof. If federal funds are used to fund Work ordered by State Ordering Entities under this Addendum, in whole or in part, the Participating State's performance hereunder is contingent upon the continued availability of such Contract Funds. State Ordering Entities shall only make payments for Work ordered by a State Ordering Entity under this Addendum from available State Ordering Entity Contract Funds that have been encumbered for that Work, and the State Ordering Entity's liability for such payments shall be limited to the amount remaining of such encumbered Contract Funds. If Participating State or federal funds are not appropriated, or otherwise become unavailable to fund any Order placed by a State Ordering Entity under this Addendum, the State Ordering Entity

may terminate the Order immediately, in whole or in part, without further liability in accordance with the provisions hereof.

- b) A Political Subdivision Ordering Entity may have its own fiscal requirements regarding available funds for payment of Orders, which may be agreed upon in writing between the non-State Ordering Entity and the Contractor.

ix. Erroneous Payments

- a) At the Participating State's sole discretion, State Ordering Entity payments made to the Contractor in error for any reason, including, but not limited to, omission, error, fraud, or defalcation, over payments or improper payments, and unexpended or excess funds received by Contractor, may be recovered from Contractor by deduction (set-off) from subsequent payments under this Addendum or other Contracts, grants or Agreements between the Participating State and Contractor or by other appropriate methods, or collected as a debt due to the State. Such funds shall not be paid to any person or entity other than the State.

- b) Non-State Ordering Entities may have their own fiscal requirements regarding erroneous payments, which may be agreed upon in writing between the non-State Ordering Entity and the Contractor.

- x. **Discount/Delinquency Period.** Any applicable cash discount period or delinquency period shall start from the date of receipt of an acceptable invoice, or from the date of receipt of acceptable Goods or Services at the specified destination by an authorized Ordering Entity representative, whichever is later.

6. REPORTING – NOTIFICATION

Reports required under this §6 shall be in accordance with the procedures of, and in such form as, prescribed by the Participating State, as applicable. Contractor's failure to provide these reports shall constitute cause for cancellation of this Addendum and may disqualify Contractor from the award of future awards by the Participating State.

A. Performance, Progress, Personnel, and Funds. If and as required under §15 (Statewide Contract Management System), State Ordering Entities shall submit a report to the Contractor upon expiration or termination of their Order(s), which shall contain an Evaluation and Review of Contractor's performance and the final status of Contractor's obligation hereunder, in a form substantially equivalent to **Exhibit 3 (Sample Contractor Performance Evaluation)**.

Additionally, Contractor must provide a summarized report in a form substantially equivalent to **Exhibit 2 (Sample Summary Contractor Volume Report)** attached hereto and incorporated herein, and in a format requested by the SPO such as an Excel spreadsheet. Reports shall be sent via email to the Primary Contact identified in §5 of the Addendum or assigned successor. Specifically, the reports must include:

 - e) **Total Green Sales.** Total Green sales, meaning sale of Environmentally Preferable Products, as amended, by each Ordering Entity. Following the Effective Date, Contractor shall provide written notice to the Participating State, in accordance with §5 of the Addendum, within twenty (20) days of the earlier to occur of Contractor's decision to perform, or its execution of an Agreement with a Subcontractor to perform, Services for State Ordering Entities Subject to the Procurement Code Code outside the State of Colorado and/or the United States. Such notice shall specify the type of Services to be performed outside the State of Colorado and/or the United States and the reason why it is necessary or advantageous to perform such Services at such location or locations. All notices received by the Participating State pursuant to this §6.D shall be posted on the Colorado Department of Personnel & Administration's website. Knowing failure by Contractor to provide notice to the State under this §6.D shall constitute a material breach of this Contract.

E. Litigation Reporting. Within ten (10) days after being served with any pleading in a legal action filed with a court or administrative agency, related to this Addendum or which may affect Contractor's ability to perform its obligations hereunder, Contractor shall notify the SPO in writing (email is preferable) of such action and deliver copies of such pleadings to the Participating State's principal representative as identified in §5 of the Addendum. If the Participating State's principal representative is not then serving, such notice and copies shall be delivered to the Executive Director of the State Department of Personnel & Administration.

G. Administration Fees

- i. The Colorado General Assembly has authorized the State Purchasing Office to collect a fee for the administration of statewide Contracts. On a quarterly basis, Contractor shall return to the Participating State, a fee of one (1) percent of the total sales within the State by all Ordering Entities during that quarter, in order to assist with the cost of Contract administration by the State. In addition, upon request by the State at any other time during the term of this Addendum, Contractor and each Subcontractor shall supply the State with evidence, satisfactory to the compliance with the provisions of this **§11**.

12. BREACH

- A. **Defined.** In addition to any breaches specified in other sections of this Addendum and the Master Agreement, the failure of the Contractor, the State or an Ordering Entity to perform any of their material obligations hereunder, in whole or in part or in a timely or satisfactory manner, constitutes a breach. The institution of proceedings under any bankruptcy, insolvency, reorganization or similar law, by or against Contractor, or the appointment of a receiver or similar officer for Contractor or any of its property, which is not vacated or fully stayed within twenty (20) days after the institution or occurrence thereof, shall also constitute a breach.
- B. **Notice and Cure Period.** In the event of a breach, notice of such shall be given in writing by the aggrieved Party to the other Party and to the Participating State in the manner provided in **§5** of the Addendum. If such breach is not cured within thirty (30) days of receipt of written notice, or if a cure cannot be completed within thirty (30) days, or if cure of the breach has not begun within thirty (30) days and pursued with due diligence, the State or an Ordering Entity may exercise any of the remedies set forth in **§13 (Remedies)**. Notwithstanding anything to the contrary herein, the State, in its sole discretion, need not provide advance notice or a cure period and may immediately terminate this Addendum in whole or in part if reasonably necessary to preserve public safety or to prevent immediate public crisis.

13. REMEDIES

If Contractor is in breach under any provision of this Addendum, the State and an Ordering Entity shall have all of the applicable remedies listed in this **§13**, except for those remedies specifically limited to the State, in addition to all other remedies set forth in other sections of this Addendum, the Master Agreement, and under applicable law, following the notice and cure period set forth in **§12 (Breach)**. The Participating State and any Ordering Entity may exercise any or all of the remedies available to it, in its sole discretion, concurrently or consecutively.

- A. **Contract Termination for Cause and/or Breach.** The Participating State may terminate this entire Addendum or any part thereof, or any Order, in response to Contractor's uncured breach. Exercise by the State of this right shall not be a breach of its obligations hereunder. Contractor shall remain responsible for performance of this Addendum and any Orders to the extent not terminated, if any.
 - i. **Obligations and Rights**

- a) To the extent specified in any termination notice, Contractor shall not incur further obligations or render further performance hereunder past the effective date of such notice, and shall terminate outstanding Orders and subcontracts with third Parties pertaining to such performance. However, Contractor shall complete and deliver to individual Ordering Entities all Orders not cancelled by the termination notice and may incur obligations as are necessary to do so within this Addendum's terms.
 - b) At the request any Ordering Entity, Contractor shall assign to the requesting Ordering Entity all of Contractor's right, title, and interest in Work Product created pursuant to any terminated Orders as of the effective date of their termination.
 - c) Upon termination, Contractor and any Subcontractor shall take timely, reasonable and necessary action to protect and preserve property in the possession of Contractor in which any individual Ordering Entities have an interest. All Work Product, at the option of the Ordering Entity, shall be delivered by Contractor to the Ordering Entity and shall become the property of the Ordering Entity.
- ii. **Payments.** Ordering Entities shall reimburse Contractor only for accepted performance up to the date of termination of an Order. If, after termination of an Order by State Ordering Entities, it is determined that Contractor was not in breach or that Contractor's action or inaction was excusable, such termination shall be treated as a termination in the public interest and the rights and obligations of the Parties shall be the same as if this Addendum had been terminated in the public interest, as described below in **§13.B**.
- iii. **Damages and Withholding.** Notwithstanding any other remedial action by the Participating State or an Ordering Entity, Contractor shall remain liable to the State or the Ordering Entity as may be appropriate for any damages sustained by the State or the Ordering Entity by virtue of any breach under this Addendum by Contractor. An Ordering Entity may withhold any payment to Contractor for the purpose of mitigating the Ordering Entity's damages, until such time as the exact amount of damages due to the Ordering Entity from Contractor is determined. An Ordering Entity may withhold any amount that may be due Contractor as the Ordering Entity deems necessary to protect against loss, including loss as a result of outstanding liens, claims of former lien holders, or for the excess costs incurred in procuring substitute Goods or Services. Contractor shall be liable for excess costs incurred by the Ordering Entity in procuring from third Parties replacement Work or substitute Goods and/or Services.
- B. Contract Early Termination in the Public Interest.** The Participating State is entering into this Addendum for the purpose of carrying out the public policy of the State of Colorado, as determined by its Governor, General Assembly, and/or Courts. If this Addendum ceases to further the public policy of the State, the State, in its sole discretion, may terminate this Addendum, and any Order, in whole or in part. Exercise by the Participating State of this right shall not constitute a breach of the State's or any Ordering Entity's obligations hereunder. This subsection shall not apply to a termination of this Addendum by the State for cause or breach by Contractor, which shall be governed by **§13.A** or as otherwise specifically provided herein.
- i. **Method and Content.** The State shall notify Contractor of such termination in accordance with **§5 of the Addendum**. The notice shall specify the effective date of the termination and whether it affects all or a portion of this Addendum and any Orders.
 - ii. **Obligations and Rights.** Upon receipt of a termination notice, Contractor shall be subject to and comply with the same obligations and rights set forth in **§13(A)(i)**.
 - iii. **Payments**
 - a) If this Addendum is terminated by the Participating State pursuant to this **§13(B)**, Contractor shall be paid by respective Ordering Entities for all outstanding Orders an amount which bears the same ratio to the total reimbursement under those Orders as Contractor's obligations that were satisfactorily performed bear to the total obligations set forth in each Order, less payments previously made.

- b) Additionally, if an Order is less than sixty (60) percent completed, an Ordering Entity may reimburse Contractor for a portion of actual out-of-pocket expenses (not otherwise reimbursed under this Contract) incurred by Contractor which are directly attributable to the uncompleted portion of Contractor's obligations hereunder; provided that the sum of any and all reimbursement shall not exceed the maximum amount payable to Contractor by an Ordering Entity under such Order.
- C. **State's Option to Terminate.** The Participating State may, at any time, terminate this Addendum by sending prior written notice to the Contractor. Such notice shall state the effective date of termination, which shall be no less than thirty (30) calendar days after the date of the notice.
- D. **Remedies Not Involving Contract Termination.** The Participating State, in its sole discretion, may exercise one or more of the following remedies in addition to other remedies available to it:
- i. **Suspend Performance.** Suspend Contractor's performance with respect to all or any portion of this Addendum pending necessary corrective action as specified by the State without entitling Contractor to an adjustment in price/cost or performance schedule. Contractor shall promptly cease performance and incurring costs in accordance with the State's directive and the State shall not be liable for costs incurred by Contractor after the suspension of performance under this provision.
 - ii. **Withhold Payment.** Withhold payment to Contractor until corrections in Contractor's performance are satisfactorily made and completed.
 - iii. **Deny Payment.** Deny payment for those obligations not performed that, due to Contractor's actions or inaction's, cannot be performed or, if performed, would be of no value to the State, provided, that any denial of payment shall be reasonably related to the value to the State of the obligations not performed.
 - iv. **Removal.** Notwithstanding any other provision herein, the State may demand immediate removal of any of Contractor's employees, agents, or Subcontractors whom the State deems incompetent, careless, insubordinate, unsuitable, or otherwise unacceptable, or whose continued participation under this Addendum is deemed to be contrary to the public interest or the State's best interest.
- E. **Intellectual Property.** If Contractor infringes on a patent, copyright, trademark, trade secret or other intellectual property right while performing its obligations under this Addendum, Contractor shall, at the State's option or an Ordering Entity's option (i) obtain for the State or Contractor the right to use such Goods and Services; (ii) replace any Goods involved in the performance of the Services with non-infringing Goods, or modify them so that they become non-infringing; or, (iii) if neither of the foregoing alternatives are reasonably available, remove or discontinue any infringing Services or Goods and refund the price paid therefore to the State.
- F. **Non-State Ordering Entity Remedies.** Non-State Ordering Entities may include other remedies in the terms of the Orders they place.
- G. **Delay or Nonperformance – Liquidated Damages.** If an Ordering Entity provides Contractor with written notice of delay or nonperformance under an Order in accordance with §5 of the Addendum, and Contractor fails to cure such delay or nonperformance within the time specified in such notice, then to the extent such Order contains a liquidated damages provision, Contractor shall be liable for the liquidated damages in addition to any other applicable damages as provided therein.

14. GOVERNMENTAL IMMUNITY

Liability for claims for injuries to persons or property arising from the negligence of the State of Colorado, its departments, institutions, agencies, boards, officials, and employees is controlled and limited by the provisions of the Governmental Immunity Act, **CRS §24-10-101, et seq.** and the risk management statutes, **CRS §24-30-1501, et seq.**, as amended.

Such performance information shall be entered into the statewide Contract Management System at intervals established by State Ordering Entities and a final Evaluation, Review and Rating shall be rendered within thirty (30) days of the end of the Addendum term. Contractor shall be notified following each performance Evaluation and Review, and shall address or correct any identified problem in a timely manner and maintain Work progress.
- C.** Should the final performance Evaluation and Review determine that Contractor demonstrated a gross failure to meet the performance measures established hereunder, the Executive Director of the Colorado Department of Personnel and Administration (Executive Director), upon request by the State Purchasing Office, and showing of good cause, may debar Contractor and prohibit Contractor from bidding on future Contracts.
- D.** Contractor may contest the final Evaluation, Review and Rating by: (i) filing rebuttal statements, which may result in either removal or correction of the Evaluation (**CRS §24-105-102(6)**), or (ii) under **CRS §24-105-102(6)**, exercising the debarment protest and appeal rights provided in **CRS §24-109-106, 107, 201 or 202**, which may result in the reversal of the debarment and reinstatement of Contractor, by the Executive Director, upon a showing of good cause.
