# Computer Science Graduation Requirements

## University of Washington

The graduation requirements shown below are subject to change. For more information, see the CSE undergraduate webpages at [https://www.cs.washington.edu/academics/ugrad/current-students/degree](https://www.cs.washington.edu/academics/ugrad/current-students/degree)

## General Education Component

<table>
<thead>
<tr>
<th>Language Skills (5-20 credits)</th>
</tr>
</thead>
<tbody>
<tr>
<td>*English Composition (5)</td>
</tr>
<tr>
<td>Foreign Language through 3rd quarter (0-15)</td>
</tr>
</tbody>
</table>

### Diversity Requirement (5 credits)
- UW Diversity Requirement (5)  
  Note: These credits may overlap with other requirements.

### Reasoning and Writing in Context (15 credits)
- Reasoning (5)
- UW approved writing courses (W courses) or additional composition courses (10)  
  Note: These credits may overlap with other requirements. Required courses in CSE and MATH fulfill the Reasoning requirement.

## Areas of Inquiry (75 credits)
- Arts & Humanities (20)
- Social Sciences (20)
- Natural Sciences (20)
- Additional coursework (15)

Note: All Mathematics & Science courses below (20-23 credits) as well as CSE 121, 122, and 123 (up to 12 credits) count toward the 20 credits of Natural Sciences and 15 credits of Additional Coursework requirements.

## Mathematics & Science Component

### Mathematics (15-18 credits)
- *MATH 124, 125, 126 or 134, 135, 136 (honors) (15)
- Calculus with Analytical Geometry
- MATH 208 (waived if MATH 136 taken) (3)

### Natural Science (5 credits)
- *One course from the list of approved Natural Science courses (5)

## Computer Science Component

### Fundamentals (24-25 credits)
- *CSE 123 Intro to Computer Programming III (4)  
  OR
- CSE 143 Computer Programming II (5)
- CSE 311 Foundations of Computing I (4)
- CSE 312 Foundations of Computing II (4)
- CSE 331 Software Design and Implementation (4)
- CSE 332 Data Structures and Parallelism (4)
- CSE 351 The Hardware/Software Interface (4)

### Core and Electives (33 credits)

- At least 33 additional credits including at least:
  - Four, 400-level courses from the CSE Core Courses (12-16) list
  - Two additional CSE Core Courses (300 or 400 level) (6-8)
  - Either 1 additional CSE Core Course or 1 course from the CSE Capstone list (3-5)
  - Additional courses from either the CSE Core Courses list or the CSE Elective list to bring total CSE Elective credits to 33 (4-12)

### Free Electives to bring total credits up to the 180 required for graduation

Note: A student's cumulative GPA must not fall below a 2.0.

*Denotes prerequisites that must be fully completed before applying to the major. This does not apply to direct-to-major freshmen applicants.
