

Thank you for choosing YI 4K+ Action Camera

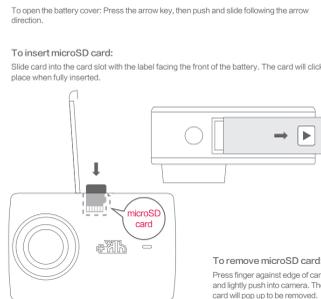

### 1. Camera kit

### 2. Getting to know the camera

### 3. Insert/remove MicroSD Card (Sold Separately)

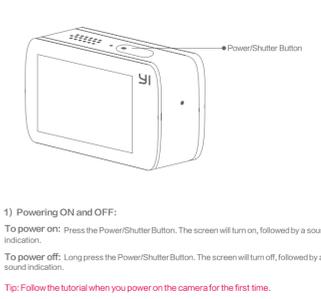

### 4. Insert/Remove Battery

### 5. Battery Charging

### 6. How to Use the Camera

### 2) Connect to YI Action Camera APP

Scan the following QR code to download YI Action Camera App and install to your smartphone or tablet. Or, you can find the App in the App Store® or Google Play by searching for YI Action. Open the YI Action Camera App, the connection interface is as shown in the picture below. View the tutorial to connect the app to the 4K+.

Tip: After pairing you can use the app to control, download and playback your videos or photos.

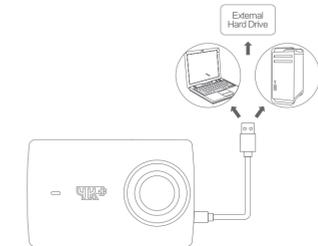

### 3) Firmware Update

After you connect your camera and YI Action Camera App for the first time, the app will automatically download the latest firmware and guide you to update the camera's firmware to the latest version. Update from the App. Make sure the camera is connected to a power source or has more than 50% battery remaining.

### 4) Transferring Files

- 1. Connect the camera to a computer using the USB cable to transfer photo and video files to the computer.
2. Copy files to the computer or external hard drive.

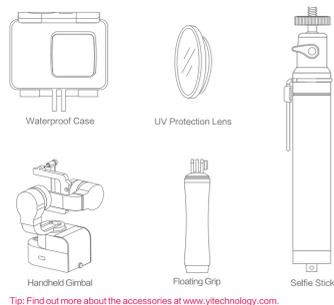

### 7. Advanced Feature Description

- 1) How to Control the Camera in a Waterproof Case
2) Audio Control
3) Audio Accessory

### 8. Precautions For Use

- Overheated Camera
Playback

### 9. Key Accessories(Sold Separately)

### 10. Customer support

Please visit www.yitechnology.com/support or email support@yitechnology.com. Find us on social networks: www.facebook.com/YITechnologyOfficial, www.youtube.com/YIcamera, www.google.com/+YIcamera, Instagram: yitechnology. IMPORTANT SAFETY GUIDELINES: 1. READ this user manual carefully. 2. CLEAN ONLY with dry cloth. 3. DO NOT use near any heat sources... 4. ONLY USE attachments/accessories specified by the manufacturer. 5. To get the best usage out of this product, please consistently update to the latest version of our app and firmware. Attention: It is illegal in many jurisdictions to record audio and/or video without the consent of all individuals. You must comply with all laws when using your YI 4K+ Action Camera. \*Xiaoyi and YI logo are trademarks of Shanghai Xiaoyi Technology Co., Ltd. WARNING: No naked flame sources - such as candles - should be placed on the product. Thank you for choosing YI 4K+ Action Camera. Please read this manual carefully and save it for future needs. 218105 v1.7

This device complies with Part 15 of the FCC Rules / Industry Canada licence-exempt RSS standard(s). Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation. Le présent appareil est conforme aux CNR d'Industrie Canada applicables aux appareils radio exempts de licence. L'exploitation est autorisée aux deux conditions suivantes: (1) l'appareil ne doit pas produire de brouillage, et (2) l'utilisateur de l'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement. Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment. This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates noise and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If the equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures: - Reorient or relocate the receiving antenna. - Increase the separation between the equipment and receiver. - Connect the equipment into an outlet on a circuit different from that to which the receiver is connected. - Consult the dealer or an experienced radio/TV technician for help.

Under Industry Canada regulations, this radio transmitter may only operate using an antenna of a type and maximum (or lesser) gain approved for the transmitter by Industry Canada. To reduce potential radio interference to other users, the antenna type and its gain should be chosen so that the equivalent isotropically radiated power (e.i.r.p.) is not more than that necessary for successful communication. Conformément à la réglementation d'Industrie Canada, le présent émetteur radio peut fonctionner avec une antenne d'un type et d'un gain maximal (ou inférieur) approuvé pour l'émission par Industrie Canada. Dans le but de réduire les risques de brouillage radioélectrique à l'attention des autres utilisateurs, il faut choisir le type d'antenne et son gain de sorte que la puissance isotrope rayonnée équivalente (p.i.r.e.) ne dépasse pas l'intensité nécessaire à l'établissement d'une communication satisfaisante. The device complies with RF specifications when used near your head or body. This device is also designed to meet the requirements for exposure to radio waves established by the Federal Communications Commission (USA). The SAR limit adopted by the FCC for this device type complies with this limit. The highest SAR value reported to the FCC for this device type when properly worn on the body is 1.15W/kg. CAUTION RISK OF EXPLOSION IF BATTERY IS REPLACED BY AN INCORRECT TYPE. DISPOSE OF USED BATTERIES ACCORDING TO THE INSTRUCTIONS. Le remplacement incorrect de la batterie est susceptible d'enrayer un risque d'explosion. Veuillez jeter les batteries usagées selon les instructions. CE FCC ID: 2AF18-YAS1817
