

## YI Dome Camera

### *Your 360° Complete Coverage Smart Home System*

Monitor and control your home anytime, anywhere. Experience 360° of ultimate peace of mind, 112° wide-angle glass lens, 345° horizontal and 115° vertical rotation range for complete coverage. Advanced night vision with up to 3 meters of viewing range.

**360° Complete Coverage Smart Home System:** Sporting 112° wide-angle professional grade lens, and Bidirectional Rotation range, YI Dome Cam Records, Captures Complete Panoramic scene in High-Definition with practically zero blindspots. Automatically returns to 'Auto-masking' mode (lens goes under cover) for extra sense of security ensuring no recording without your permission when not in use.

**Motion Tracking, Auto-Cruise, and Bookmarks:** Smart features made possible with rotation base ensures nothing gets by. Smart Motion Tracking: advanced motion algorithms detect moving objects and automatically tracks and captures their movement trajectory. Auto-Cruise Mode: surveys the area 360° horizontally or cruises your bookmarks, convenient for large rooms with multiple areas that need a quick scan. 8 Bookmarks: select up to 8 locations of preferred viewing angles and return to them at the tap of a button. Motion Tracking works in cooperation with Auto-Cruise features. Whenever motion is detected, Dome Cam tracks and records the moving object (optionally sends a 10-second Activity Alert) and then return to where it left off. Crystal clear Night Vision with 8 non-invasive (940nm) IR LEDs to ensure high-definition footage in dark environments within 3-meter range.

**Supercharged 2-way Audio:** 2-way Audio and live video. Responsive and advanced microphone featuring a built-in anti-noise filter reduces latency and enables a smooth conversation. Intercom Mode: allows one party to talk and listen at a time or Hands-free Mode: both parties talk and listen freely for maximum flexibility.

**Smart. Practical. Versatile.** Quick Mounting: Vertical, Wall Mount, or Ceiling. Simple and Flexible Storage Options: Local and YI Cloud (coming soon). YI Dome Cam supports loop recordings of motion detected or continuous videos on local storage (Class 4 and above MicroSD card sold separately). A 32GB MicroSD card can hold up to 80-hour-long video with continuous recordings.

**Intuitive Navigation System and Viewing Capabilities:** Experience your home in 360° anytime with our fluid Navigation System without lifting a finger. Use the touchscreen and keep rotating until you find just what you're looking for. Easily and politely 'interrupt' Auto-Cruise or other modes when you want to have a glance for yourself. By simply panning your mobile phone left and right, a complete panoramic view will be displayed to optimize your viewing experience. Pan, tilt, zoom, and capture the action from all different vantage points remotely with our intuitive phone app and gyroscope support.

**Integrated App for all YI Home Cameras:** Monitor and control YI Dome Camera along with your other YI Home Cameras in one convenient app. Experience a user-friendly, yet powerful and intuitive user interface to customize your settings according to your preferences: Activity Alerts, Auto-Cruise, Bookmarks, Camera Sharing, Customize Schedules, and more. Supports connectivity to a large number of devices with the same app/account for maximum convenience. Available on iOS and Android.
