CONFERENCE

Hello Yoli Nation!

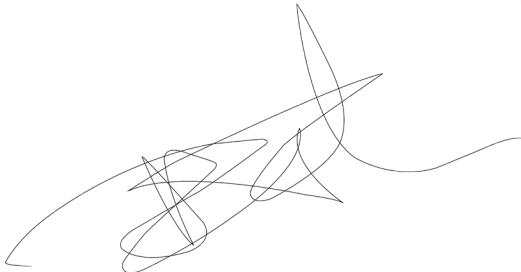

Welcome to the first edition of the Yoli Connection – a quarterly newsletter that will be focused on recognizing your achievements, and providing additional training for you as Yoli Members. When a new year begins, I always like to reflect on the previous year, and as I look back over 2013, I couldn't possibly be more proud of our achievements.

To name a few:

- Overall sales and commissions paid increased over 325% in 2013
- The number of Diamonds increased over 30% in the last 6 months
- 100s of free kits are now shipping out each week
- We successfully launched a new beautiful brand & two new products
- We celebrated our 4th birthday
- We are nearing 25,000 fans on Facebook
- And the most important achievement – we have transformed thousands of lives this past year!

Looking at all of these incredible achievements in just one year, I am absolutely ecstatic about 2014 – what will undoubtedly be the best year in our history! We are seeing amazing momentum, and I am confident that Yoli will continue to grow and expand at an incredible rate, and that is because of you – our amazing Yoli Members. You have embraced and followed a proven system to ensure your success; a system that many of you have had a key role in developing. I promise that if you continue to follow the system, and continue to work hard on improving yourself, you will be unstoppable, and together, we will transform thousands more lives in 2014!

Thank you and God Bless,

HOW CAN I LEVERAGE THE BALANCING ACT APPEARANCE?

We have a great video of Yoli appearing on The Balancing Act – now what? How can you leverage it? Who should see it? How can you make the most of it?

The Balancing Act is a great tool that we should all be focused on marketing. The most important thing to remember when promoting the show is that it gives credibility to Yoli as a business, and to our Better Body System. Here are a few tips you can use to share this segment and use it to help spread the Yoli Mission.

Use social media: Facebook, Twitter, Pinterest – all of the social sites are perfect outlets for sharing information. It's free, and it can help you connect with hundreds or even thousands of people with just one post. Invite people to 'Like' and 'Share' your post to continue spreading the

word. It's also a great idea to tag people who may be coming to your next BBP or people who are members of your team. Get your entire social network excited about Yoli and our national television appearance!

Share it via email: For those who don't use social media, email is also a great tool for sharing information. We recently sent an e-mail to all of you about our appearance on The Balancing Act. Send it out to your friends, and invite them to contact you for more information. This can also be used as a great follow up after your BBP. It's important to keep Yoli fresh in their minds and give them another reason to join and transform their lives!

Use it as a sales tool: Have you ever had someone at your BBP that is close, but not quite convinced? The Balancing Act can be a great

last minute mention to convince someone to join. Remember, being on national television gives Yoli and our products great credibility, so use it!

Spread the word in small ways: Think outside of the box; mention our appearance on your business cards, tack it on your Facebook timeline or cover photos, add a blurb on your website, etc. While these ideas may seem simple, people will notice the little things. It's effortless marketing and sales on your part that could help give your business that extra boost it needs!

Remember, The Balancing Act is a great marketing tool not only at the corporate level, but for Members as well. Don't be afraid to flaunt it to your friends and potential customers!

3 FREE

THE MAGIC OF REFER 3

If you're not promoting Yoli's generous Refer 3 Program in your business every day, you definitely should be. Not only does it help offset or even eliminate the cost of your monthly Autoship, but it is a great way to quickly expand your Customers and Members, as well. What makes this program so great is that Members AND Customers alike can take part in this program, so it's a perfect tool to recruit both into your business. What better way to entice someone to join than to offer them a chance to get premium products for free!

EXPLAINING THE REFER 3 PROGRAM

Because there are several facets to the Refer 3 Program, many may feel it is difficult to explain, but it can actually be very simple! Here are a few tips to use when introducing this program to someone new.

1 – Don't over complicate/explain the Program. The concept of the Refer 3 program is so simple, so start with that. Here is a quick way to explain to a Preferred Customer and Member:

FOR PREFERRED CUSTOMERS:

Step 1: Make sure you are on Autoship with a Qualifying Refer 3 Kit

Step 2: Find three friends to get on an Autoship with a Qualifying Refer 3 Kit that is of equal or greater value to yours

PC Transformation Kit

Step 3: Make sure each of your three friends gets on Autoship in the same 4 week period

AND NOW YOUR KIT IS FREE!

Once they have this basic concept down, they will likely have a few questions, and you can get into the details at that point. This brings us to our next tip:

2 – Get to know the program yourself. Make sure you read the Refer 3 Get it Free document in the Document Library in your Team Office. If you know the answers to your Customer's questions, it won't seem complicated to them, and they'll be more likely to participate. You also want to be duplicable; you want them thinking "I can do that", so the simpler you can make it, the better.

3 – Make sure YOU are participating in the program. Remember, a personal testimonial is your most powerful sales tool. This is true not only for sharing your physical transformation, but your financial one as well. You'll get a lot more takers if you are able to share how you have transformed your body, and that you've done it for free with our Refer 3 program.

For an example of a quick explanation of the Refer 3 Program, visit www.yoli.com/free-product-program and watch Triple Diamond Daniel Song give a great overview in under a minute. The Refer 3 Program can be one of your greatest recruiting tools, so make sure to promote it, and let it work for you!
